

# TREATY GIVEN TO AUSTRIA; PEACE TERMS ARE DRASTIC

## JUNE WILL BE LIVELY BUILDING MONTH

New Office Structure at Third and Sycamore to Be Started Soon

### RULING IS CAUSE OF MANY EXTRA PERMITS

California Packing Corporation Will Erect Warehouse; Other Plans Made

WITH plans drawn for a \$7000 or \$8000 office building on the north-east corner of Sycamore and Third streets, plans out for a warehouse to cost between \$8000 and \$10,000 for the California Packing Corporation at the big cannery on East First street and awarding of contracts for structures costing between \$30,000 and \$45,000 each possible within this month, June gives promise of being a lively month in the way of building operations.

The largest number of permits ever issued by the city building inspector was given out last month, but the value of the permits was small, public notice by the building inspector that all improvements and alteration work must be done under a permit, bringing in many applications for class of construction that heretofore has not shown on the reports of the office.

The value of permits issued last month was \$43,606 as against \$31,615 for the same month a year ago. The increase over April of this year is about \$8000.

Eight of the permits issued last month called for new residences, varying in price from \$1,100 to \$6,500, the latter figure being for the residence of Edward McWilliams at 617 Orange avenue. A few three and four room frame structures costing under \$1000 were included. The total number of permits was 60.

**Eight Office Rooms**  
The office building at the corner of Sycamore and Third streets is to be built by L. J. Carden and C. G. Seaman. Plans have been drawn and a number of the rooms already have been leased. There will be eight rooms, two of which will front on Sycamore street. The others will face Third street. The contract has not been let. Carden and Seaman recently purchased the corner, which has a frontage of 25 feet on Sycamore and which will make the rooms fronting on Third street twenty-five feet in depth.

The California Packing corporation is building a warehouse on its property on East First street to take care of increased products. The fact that the company is making this improvement is an indication that it is well satisfied with the operation of its big plant here—the building of which was built here in the boom days for a cannery and operations discontinued after two years run through the merging of cannery companies.

The company has immense storage space in the old building. The structure is to be 60x140 feet, according to the permit on file at the office of the city building inspector. The permit has never been completed and does not show in the report for May. Work on the foundation has been started.

## Famous Britons Look Like Vaudeville Team But They Just Came from Luncheon

David Lloyd-George (left) and Prince of Wales

### Prime Minister and Young Prince Much In Public Eye At Present

LONDON, June 2.—No, the men in the above picture are not doing a vaudeville stunt, although they are much in the public eye.

One is David Lloyd-George, prime minister of Great Britain, and the other is the young Prince of Wales. They had luncheon together recently, and just when they had finished and were enjoying the same brand of cigars while dressed in the same kind of clothes and had eaten of the same kind of food, they faced the same camera—and the result speaks for itself.

Just now Lloyd-George is making history in his work on the peace treaty and the League of Nations. The Prince of Wales has recently been employed as a clerk by the war ministry and there is much gossip about his probable marriage within a short time. The names of the two notables are heard constantly in all parts of England as well as in other parts of the world.

## BULLETINS

**SAN FRANCISCO, June 2.**—Albert Landerman, multi-millionaire, secretary of the Anglo-Paris, London Bank here, committed suicide today in his rooms in an exclusive club. Ill health is believed to have been the cause. "I can no longer stand this suffering," read a note which Landerman left.

**LOS ANGELES, June 2.**—A serious forest fire on the northeast slope of Mt. Islop facing the Mojave desert, was reported to Forest Supervisor Charlton here today. Charlton ordered a force of fire fighters rushed to the scene immediately. Detailed reports have not been received further than that the fire is threatening some valuable timber.

**NEW TENNIS CHAMP.**  
**SAN FRANCISCO, June 2.**—Byron Bakin, won the tennis state championship yesterday, defeating Roland Roberts, former titleholder, in straight sets, 7-5, 6-6, 6-3. Bates and Parker won the doubles title.

## 30 Men on Noted Ship Enroute To Siberia for Gold

**SAN FRANCISCO, June 2.**—Bound for Siberian shores to seek a rich gold field they have reason to believe exists, thirty adventurous miners, sailors and business men are northward bound today in the Casco. Robert Louis Stevenson's famous ship. The vessel's departure has been delayed several times by lack of passports, etc., but the gold seekers persevered.

But there may be more adventure than the seeking of the eldorado. According to members of the Casco party, several other expeditions have been outfitted at different coast points and are also en route to the Anadir river, in Siberia, believed the objective of the Casco party.

L. S. McGurk, leader of the party, is believed to be the only person knowing the location of the supposed gold fields, the information being given him by one of the four sailors reported to have been marooned in that region.

**RHINELAND REPUBLIC**  
**MAYENCE, June 2.**—A Rhineland republic has been proclaimed in various Rhinish cities, with Weisbaden as the capital.

### CONFERENCE IS BEGUN BY SOCIAL WORKERS

**ATLANTIC CITY, June 2.**—Men and women prominent in educational and sociological work in all parts of the world were gathered here for the forty-sixth annual convention of the National Conference of Social Work, which opened today for a ten-day session.

Reconstruction through social work and child welfare were announced as the chief topics of the convention. Henry W. Thurston, New York School of Philanthropy, will lead the child welfare discussions.

**STRIKE NOT GROWING FAST**  
**TORONTO, Ont., June 2.**—With considerably less than 13,000 men out, the so-called general strike today was not developing as had been expected. The only addition the strikers can claim is the Marine Federation, comprising 500 shipyard workers.

## WIRE TOLL, RAIL CASE ARE WON BY U.S.

Supreme Court Makes Ruling That Burleson Has Power to Fix Rates

### DECISION IS MADE IN SOUTH DAKOTA ACTION

Order Will Cost California Citizens Thousands In Increased Charges

**WASHINGTON, June 2.**—Cases involving the right of Director General of Railways Hines and Postmaster General Burleson to set railroad and telephone rates within states were decided in favor of the government by the Supreme Court today.

The court decided that the power of setting intra-state telephone rates rests in the hands of Postmaster General Burleson as director of the wires.

Although a number of states were prosecuting suits directed at Burleson the decision came in the case carried up by South Dakota in which the state tried to force a telephone company not to charge the rates Burleson set up.

The decision that the director general of railroads has the right to set rates within states as well as between states is a reversal of a decision in a case started in North Dakota.

### PHONE RATE CASE DECISION

**IS COSTLY TO CALIFORNIANS**  
**SAN FRANCISCO, June 2.**—The decision of the United States Supreme Court that Postmaster General Burleson has power to fix telephone rates vitally affects the California pocket-book. It will cost California many thousands of dollars annually because Burleson's rates are higher than those allowed by the Railroad Commission.

The understanding here is that in some Pacific Coast states, notably Oregon and Washington, the postmaster general's rates are lower than those fixed by the state.

Two court proceedings brought in California are ended by today's decision. The Railroad Commission had questioned the government's right to fix rates both within the state and within the federal courts.

Attorney Douglas Brookman for the Railroad Commission, said the telephone companies would not be forced longer to keep two accounts—one based on the government rates and one on state rates as previously ordered by the commission.

**ADMIRAL VON HORTHY SLAIN**  
**ZURICH, June 2.**—A Budapest dispatch reported Admiral von Horthy, former commander-in-chief of the Austro-Hungary fleet, had been assassinated by Red Guards.

### Judge Decides Clara Baldwin Stocker Can Handle Own Property

**LOS ANGELES, June 2.**—Mrs. Clara Baldwin Stocker today was declared competent to manage her property by Superior Judge Reeves when he brought the trial of the incompetency proceedings against her to a sudden close with a decision in her favor.

Mrs. Stocker declared the case had ended as she expected.

## Here is Summary of Requirements For Foe Nation

### BULLETIN

**ST. GERMAIN, France, June 2.**—The following is a summary of the Austrian treaty:

Austria must accept the covenant of the League of Nations and the labor charter. She must renounce all her extra European rights. She must demobilize all her naval and aerial forces.

Austria must recognize the complete independence of Hungary. Austrian nationals guilty of violating international laws of war to be tried by Allies.

Austria must accept economic conditions and freedom of transit, similar to those in German treaty.

Sections dealing with war prisoners and graves are identical with German treaty.

Guarantees of execution of treaty correspond to those in German pact. Boundaries of Bohemia and Moravia to form boundary between Austria and Czechoslovakia, with minor rectifications.

Allies later to fix southern boundary (referring to Jugo-Slavia). Eastern boundary leaves Marburg and Radkersburg to Jugo-Slavia. Western and northwestern frontiers, facing Bavaria and Switzerland unchanged.

Austria must recognize independence of Czechoslovakia and Jugo-Slavia. Austria is recognized as an independent republic under the name "republic of Austria."

Austria must recognize frontiers of Bulgaria, Greece, Hungary, Poland, Rumania, Czechoslovakia and Jugo-Slavia as at present or ultimately determined.

The boundaries of Austria, Czechoslovakia and Jugo-Slavia to be finally fixed by a commission of mixed nationalities.

Czechoslovakia and Jugo-Slavia must agree to protect racial and religious minorities.

Austria must recognize full independence of all territories of Russia. The Brest-Litovsk treaty is annulled.

All treaties with Russian factions concluded since the revolution are annulled.

The Allies reserve the right of restitution for Russia from Austria. Austria consents to abrogation of the treaty of 1839 establishing Belgium neutrality.

Austria agrees to the new boundaries of Belgium as fixed by the Allies. Austria must accept Allied disposition of any Austrian rights in Turkey and in Bulgaria.

Clauses affecting Egypt, Morocco, Siam and China are identical with the German treaty.

The entire Austrian navy to be surrendered to the Allies. All naval arms and materials must be surrendered.

Future use of submarines is prohibited. All military terms are left for future settlement.

Austria to have no military or naval air forces. She must demobilize existing air forces within two months and surrender all aviation materials.

Austrian subjects can not serve in the military, naval or aerial forces of any foreign power.

Austria is guaranteed access to the Adriatic. Austria must abandon all financial claims against countries signing the treaty.

The treaty to become operative when signed by Austria and three of the principal powers.

## Big Yaqui Force Menacing American Party in Mexico

**NOGALES, Ariz., June 2.**—Yaqui Indians to the number of several hundred invaded Guaymas, Mexico, during the night according to advices reaching here today.

The Yaquis are well armed and equipped and are understood to be Villa sympathizers. Another Yaqui force has partially surrounded Esperanza, south of Guaymas and reports said they were expected to attack soon.

First reports were that the Yaquis actually attacked and entered Guaymas but these reports were not believed here and investigation indicated the city had not been entered.

Mexican federal troops are being concentrated at Ortiz to take the field against the Yaquis.

Much uneasiness is felt here for the safety of Americans in that vicinity. It is understood here a party of American business men on a trade promotion expedition has been at Guaymas and may still be in that vicinity.

Communications to Guaymas, usually poor, have been seriously interrupted.

### SHIP ASSOCIATION IS FORMALLY LAUNCHED

**SAN FRANCISCO, June 2.**—The Pacific-American Steamship Association was formally launched here today at its first annual meeting. The following officers and directors were elected:

President and Director—Captain Robert Dollar.  
First Vice President and Director—A. F. Haines, general manager of the Pacific Steamship Co.  
Second Vice President and Director—Denton Hann, Pacific Mail Steamship Co.  
Directors—C. F. Samuels, of the Oceanic Steamship Co.; Capt. Charles Saunders, of the Matson Navigation Co.

## 15 DAYS TO ANSWER IS ALLOWED ENEMY

Clemenceau Tells Delegates No Oral Discussion of Pact Permitted

### WILSON'S FLAT TIRE DELAYS CONFERENCE

Chancellor Renner Says His Nation Will Accept Share of Responsibility

By HENRY WOOD  
United Press Staff Correspondent

**ST. GERMAIN, June 2.**—The peace treaty was handed to the Austrian delegates at 12:25 p. m., today. The meeting did not convene until 12:25, owing to the late arrival of President Wilson.

He was the last of the delegates to reach the chateau, entering the hall at 12:14. The president's delay was due to a tire of his motor car being punctured.

Premier Clemenceau, in his instructions to the Austrian delegates, informed them that no oral discussion would be allowed and that all written observations must be submitted within a maximum period of fifteen days.

The document was reported to be a mere skeleton of the treaty, with financial, economic, reparations, military and boundary clauses either wholly or partially lacking. The complete sections consist principally of political and territorial clauses, together with the league of nations covenant, which is identical with that in the German treaty, according to advance information.

Clemenceau finished speaking at 12:29. His speech was then translated into English, Italian and German, and the treaty was presented to the Austrians at 12:29.

**Renner Replies in French.**  
Chancellor Renner arose and replied in French. While he was speaking a glass case containing relics of the stone age (the chateau is used as a national museum) burst and interrupted him momentarily.

Renner argued that all the peoples of the former Austro-Hungarian empire should share in the responsibilities and cost of the war. Describing conditions in Austria, he said: "Only by the relief organized by Herbert Hoover have we avoided absolute starvation."

In conclusion, Renner said: "You may rest assured that our foremost wish is co-operation, according to our strength and within uncontented boundaries to secure possession of our liberties and civilization. We will co-operate to the fullest possible extent in the league of nations for attainment of world peace."

Following translations of Renner's speech into English and Italian, Clemenceau asked if the Austrians had any more to say.

They replied in the negative.

**Trust To Justice.**  
"We trust to your sense of justice and practical spirit not to demand that we be crushed," said Renner.

"We are disposed to recognize our own responsibilities and accept our share in proportion with the other great powers."

"Our revolution was pacific and without military action. It was simply a social revolution, as peaceable as the French revolution."

and reasonable as possible, and we will not depart from that line of conduct and policy if you give us the peace of justice and democracy necessary for our economic existence."

Remmer pointed out that the new Austrian republic, which is an outgrowth of the old Austrian monarchy, never declared war against any of the present allies. Evidently realizing that he might have no future opportunity to present Austria's claims, verbally, he took advantage of the occasion to read a lengthy typewritten address setting forth her claims for clemency.

"We realize we are in your hands, but we ask in the name of humanity that you accord us the Wilsonian principles, recognized by the Allies to dispose of ourselves."

The Austrian delegates appeared in mourning dress, while most of the Allied representatives wore business suits. Mrs. Diaz, wife of the Italian general, was the only woman present. The meeting adjourned at 1:14 p. m.

While the treaty indicates generally the territory which Austria loses, the precise boundaries will be fixed later, either by the Allies or a mixed commission. It provides that Austria shall retain the northern boundary she had in 1914, with the Czechoslovak boundaries on the northwest, while on the south she will be assigned the boundaries fixed under the treaties of 1916, except the regions of Marburg and Klagenfurt, the allegiance of which will be decided by plebiscite.

The treaty holds that the recent plebiscite in Vorarlberg, where the population voted to join Switzerland, is invalid and provides that Vorarlberg shall remain with Austria and pay her portion of the Austrian war debts and indemnity.

### ONE KILLED, 3 HURT IN MOTOR ACCIDENT

ward Simpson of Sacramento was killed and three persons were injured last night when the front wheel of their machine broke and the automobile turned over.

Thomas L. Bailey suffered a broken wrist. Mrs. Bailey sustained serious internal injuries.

### HUN SOCIALISTS PLAN TO OUST SCHEIDEMANN

reported yesterday that the independent socialists plan to call a general strike the day the present government decides for or against the peace treaty with the object of overthrowing Chancellor Scheidemann under any circumstances.

Hunt has made surveys of the Bailey property on North Broadway for use in developing his plans. Other new buildings on North Broadway are under contemplation and probably will be started before or at the same time construction of the hotel is commenced.

The hotel is an assured fact and the time of starting building will depend on how long it will take Hunt to draw the plans and estimates made of the probable cost, so that it can be determined how extensive the plans can be made. Two or three months ought to see the hotel building under way.

Seidel Will Improve Shop

Henry Seidel, proprietor of the Gem Market, expected to start work on remodeling the Ed Waite building on West Fourth street this month, but the work may be deferred for a month.

Seidel is to move from his present location to the room immediately location to the room occupied by the Log Cabin pool hall. He was to have had possession today so that he could start the alterations and install his fixtures by the first of July. The present tenants will continue until the first of July, which will delay his improvements until next month, unless there should be an adjustment before that date.

Seidel already has ordered new fixtures and under the plans he has he will spend between \$4000 and \$5000 in remodeling the building and installing new fixtures. He will have marble counters with high glass show cases, all under refrigeration.

### CHILD TRIES TO FLY AND BREAKS HER ARM

SANTA MONICA, June 2.—With the idea that she could fly like a bird, eight-year-old Peggy Whipple, who lives with her parents at 1324 Eighth street, Santa Monica, came to grief yesterday when she attempted to take wing. Perched on the top of a high fence in the rear of her home, little Peggy undertook to fly to the ground. She broke her right arm.

Mrs. Rose Whipple, the mother, says that ever since Peggy has been able to distinguish objects she always has shown a love for the birds. She talks to them in the yard of their home and sings with them.

## SOME ODD NAMES IN INDIAN NEWSPAPER

RAPID CITY, S. D., June 2.—A recent issue of the Ogala Light, the monthly magazine of the Pine Ridge Indian reservation school near here, gives some peculiar names among those listed as students. Lizzie Shot to Pieces is at the end of the list. Other names include Victoria Holy Rock, Julia Afraid of Hawk, Mary Brown Ears, Julia Crazy Ghost, Mercy Yellow Shirt, Emma No Fat, Ella Red Eyes, Martin Chase Alone, Noah Horse, John Left Hand and Julia Stands Up. Out of 95 students attending the school only four have French names and seven names of English origin.

## FENCE BUILT BEFORE CIVIL WAR, STANDING

HARTFORD, Ky., June 2.—A real old-time rail fence that is old indeed stands on the farm of G. J. Christian, near Horse Branch. It consists of about thirty-five panels, eight rails in height, and was built by Mr. Christian's father, S. M. Christian, before the Civil War. The elder Mr. Christian chopped the trees and split the rails out of which the fence was made in the days before the war. The fence is still sound and serves as well as a new one.

## BELIEVE TAXI DRIVER VICTIM OF FOUL PLAY

LOS ANGELES, June 2.—Has Dave L. Davalos, a taxi driver, 24 years of age, residing at 1621 Toberman street, this city, met the fate of a half dozen other taxi drivers whose disappearance led to investigations that ended with the finding of their bodies in secluded and out-of-the-way spots?

Davalos has been missing since May 17, when he started out on a long trip with three passengers, who are supposed to be miners. N. F. Sisson, a room-mate of Davalos, told the police that Davalos told him the morning he disappeared that he was going out on an all-day trip with three men. Since that time nothing has been heard of Davalos or the members of the party.

## MASSASOIT LAUNCHED.

LOS ANGELES, June 2.—The "Massasoit," a 3500-ton wooden freighter of the Ferris type, was launched at the Wilmington yards of the Ralph J. Chandler Shipbuilding Company last week. No hitch marked the ceremony. Miss Augusta E. Mullen, daughter of the yard's superintendent, was sponsor.

## TOKIO, June 2.—After fifteen years

plans are being made here to raise a score of Russian warships sunk in the battle of the Japan Sea during the Russo-Japanese war.

The warships still lie at the bottom of the sea off Korea, Kyushu, Iki, Tsushima and Sandino. A petition has been sent to the Fukuoka Prefectural office asking that proper authority be given a number of Japanese capitalists to float the vessels.

## NEW YORK, June 2.—With traveling

medical relief in Serbia and the Far East, the American Women's Hospital, the official war agency of the Medical Women's National Association, is conducting the last week of a nation-wide campaign for \$250,000, with committees in more than 300 cities and towns working towards the quotas assigned each state. New York and Illinois lead with quotas of \$50,000 each, Massachusetts and Pennsylvania have \$40,000, California, \$35,000, Michigan, Missouri, Ohio and Wisconsin, \$10,000 each.

## RECORD CROWDS START DUSTING YESTERDAY AT THE BEACHES

## APHIS SHOWING UP STRONG IN ORCHARD NEAR SAN JUAN CAPISTRANO

The cooling sea breezes yesterday attracted record crowds from the inland regions to the Orange county beaches and every resort was visited by thousands of pleasure seekers.

Newport Beach and Balboa were probably the most popular beaches, due to the presence of the two submarine chasers and the free day excursions which thousands of voters are taking so as to become informed before voting on the harbor bonds next Tuesday. The chasers remained over Sunday, and left this morning. They were open to the public and many people went aboard to inspect them.

Masque Dance Successful

Saturday night's masque carnival dance at Balboa also drew a large attendance, with a fair number of masquers. Miss Edna Wilson, manager of the Newport telephone exchange, was elected queen of the Balboa Society Circus this summer, and prizes for best masque costumes went to the following: First lady's, Miss Margaret Howard, Los Angeles; second lady's, Miss Ethel Rodger, Balboa; first gentlemen's, Bert Winslow, Riverside; second gentlemen's, J. Gardner, Santa Ana.

The Balboa pavilion's records show 1200 people were entertained at dancing there Saturday night and 1300 yesterday afternoon.

A large number of Farm Bureau members were among those taking the boat rides over the bay Saturday.

CHICAGO, June 2.—Resolutions demanding the ouster of Postmaster General Burleson, because of "autocratic management," today were forwarded to President Wilson by the executive committee of the Chicago Federation of Labor, after adoption here yesterday.

## LOS ANGELES, June 2.—The Los

Angeles City Sunday School Superintendents' Union was organized last night at a dinner given at the First Congregational church. There were 52 Sunday school superintendents present and the following officers were elected: Rev. C. W. Cook of the South Main street M. E. church, president; Mrs. Mary Harris of the Emmanuel Presbyterian church, vice president; and Herbert T. Winans of the Messiah Congregational, both secretary and treasurer. Those named to head committees were J. M. Lynn, George C. Hill and Miss Mary D. Howell.

## MANY BIG JOBS BEING DONE OVER U. S.

Every State Has Some Plan  
to Provide Work For  
Soldier Boys

WASHINGTON, June 2.—Reconstruction movements, now in full swing in every state, cover every conceivable angle of the problem of getting the nation back into peace time form, according to a survey begun soon after the armistice by the National Council for Defense.

Governors, mayors, state legislatures, churches, boy scouts, chambers of commerce, volunteer workers and civic bodies are co-operating in plans to insure a square deal for demobilized soldiers and get the factories humming again.

No state failed to figure in the survey.

Alaska, too, is helping, by offering to place 3,000 demobilized soldiers in jobs as teachers, clerks and watchmen.

A great mass of information that fills yards of filing cabinets piled ceiling high has been collected by the defense council describing the state projects. Collected and edited for early publication, the information for some states fills hundreds of pages.

Most projects aim at getting soldiers on the land as farmers and helpers.

For this work the Colorado legislature appropriated \$725,000, to be spread over a period of 20 years. The money will be administered by a board which was given \$25,000 to spend in assisting soldiers to take advantage of the offer during the first two years. Similar appropriations now are being considered by legislatures of other states.

An appropriation of \$5,000,000 is provided for loans to demobilized soldiers in a bill introduced into the Iowa legislature. Under the bill, no soldier could borrow more than \$2,000 and special provision was made to encourage married soldiers to take advantage of the offer. Reasonable time and terms are provided for return of the funds.

Denver is one of several cities now in the midst of campaigns to own-up-own-home and help reopening of building activities.

One form of reconstruction work connected with Americanization projects is exemplified in New Bedford, Mass., where cotton millers organized to teach English to all foreign-born residents. Boy scouts are planning to help.

Michigan and Ohio were among the first of the many states that called reconstruction congresses. Women are represented equally with men on a reconstruction board appointed by the governor of Michigan.

Governor Cox stole a move on Ohio's congress by personal letters to 160 mayors, asking their help in creating a \$1,000,000 fund to public works to give work to the unemployed.

Twenty-five Ohio cities now have Americanization programs.

Job canvassing for returning dough-boys was begun early in New York city, where merchants' associations combined to canvass all manufacturers and list openings. Oregon's legislature, as one of many after-the-war measures, passed a bill prohibiting the use, not only in public, but in private schools as well, of any language except English in general instruction. The bill, however, is not intended to prevent the teaching of any needed foreign language.

**For Road Building**  
Pennsylvania's legislature appropriated \$50,000,000 for road building to make work for unemployed. Erie, Pa., undertook a building stimulation campaign and in Philadelphia a poster movement was begun to warn against selling of War Savings Stamps below their face value. Brokers, it was found, were encouraging such sales.

The Memphis, Tenn., Chamber of Commerce voted \$1800 to be used in a campaign to get jobs for soldiers.

Texas, among many other reconstruction movements, initiated one intended to "get the children back to school."

Vocational education for crippled soldiers is being undertaken as a public measure in many states, including Michigan, where all public machinery is behind a statewide canvass to find jobs that crippled soldiers can fill and to list them.

In California, 5,000 community councils have been organized to hunt jobs for soldiers. A \$20,000,000 road bond issue is being discussed although several million dollars already is available for this work.

Seven hundred persons joined a club to stimulate foreign trade organized by the Los Angeles Chamber of Commerce.

A big Americanization campaign was begun early in Arizona, where 100,000 are foreign born out of a population of 325,000.

Women's reconstruction committees are being organized in some southern states to give especial attention to child welfare.

**BROCKDORFF-RANTZAU**  
**WANTS RIGHT TO TALK**  
BERLIN, June 1.—The Europa Press today quoted Foreign Minister Brockdorff-Rantzau as saying that if Germany had known the peace terms in October she would have kept on fighting.

"Even if we cannot fight now, we can say 'no,'" the count said, according to the news agency. "I want to convince the people that Lloyd-George, Clemenceau and Wilson are not forced to play the role of world judges and I expect to win the right of open negotiations."

## SOUTHERN CALIFORNIA

SAN BERNARDINO, June 2.—Hundreds of automobiles used the City Crook road yesterday, the opening day of the new unit in the Rim of the World highway. There were no accidents and motorists declared the highway to be the safest mountain route in the Southland. From San Bernardino to the intersection of the Crest road the City Creek route is twenty miles.

PASADENA, June 2.—With two sermons yesterday, Dr. John Gilbert Blue closed twelve years of service as assistant pastor of the Pasadena Presbyterian church. He intends to continue to make Pasadena his home, but will go east soon on an extended trip, accompanied by Mrs. Blue.

LONG BEACH, June 2.—Officers of the Virginia Country Club confirmed rumors that the club proposes to purchase from the Alamitos Land Company the land which it now holds under lease. The club's plans also include expending \$50,000 on a new clubhouse, and improvements to the course which will cost \$25,000.

LONG BEACH, June 2.—For the first time in this city's history the building expenditures of a single month have exceeded \$700,000. On the last day of May permits for buildings to cost \$81,000 were issued, bringing the total for that month to \$701,311, which surpassed March, 1919, the previous record month, by over \$90,000. The third highest month in the town's history was in 1913, when numerous large structures were begun.

VENICE, June 2.—There was not a game of chance or skill operated in Venice or Santa Monica yesterday. Every game was closed and the owners instructed to keep them closed. Even the knife and cane racks fell under the ban for the first time in the history of the beach.

SANTA MONICA, June 2.—Twenty thousand Eagles from all parts of California are making elaborate preparations for the annual meeting of the order to be held in Venice during the week beginning June 9.

SANTA BARBARA, June 2.—On the ground that "a man who will steal his pal's wooden leg is too mean to put in jail with other prisoners," the chief of police here yesterday "floated" John F. Neelan on south. Neelan was arrested for disturbing the peace. He indignantly denied any police record, but the finger print expert got Neelan's number and found the wooden leg theft charged against him at San Jose, where he served a sentence for the theft.

## SON AND GRANDSON OF MME. MODJESKA VISIT THE FOREST OF ARDEN

Last Friday Ralph Modjeski, of Chicago, one of the best known bridge construction engineers in the world, and his son, Felix Modjeski, well known in the movies, and Mrs. Felix Modjeski visited the Forest of Arden and the Modjeska Inn in the Santiago canyon. The Forest of Arden was given to the portion of the canyon in which her summer home was located by Madame Modjeska, famous tragedienne. Madame Modjeska was the mother of Ralph Modjeski.

## HOT CAMPAIGN OVER ALHAMBRA MARSHAL

ALHAMBRA, June 2.—With Benjamin Parker, for a dozen years and until recently marshal of this city, as the bone of contention, Alhambra is going through violent political campaign. One trustee will be chosen Tuesday to fill a vacancy now existing and break the deadlock which has held the board divided, two against two, for several months.

## GIRL 15 SLEEPS IN TREES THREE NIGHTS

LOS ANGELES, June 2.—That she had slept in trees for three nights and had lived solely on candy and cake since her disappearance from her home, at 4056 1-2 South Grand avenue, was the extraordinary statement made yesterday by Mabel Oden, 15, when found at Forty-eighth and Moneta streets by Patrolman Dowell. The girl, small for her age, and of the gypsy type, seemed proud of her achievement and assigned as the cause of leaving home that she was late in returning from school and feared a scolding.

## POLICEMAN RETIRES AFTER 34 YEAR JOB

STOCKTON, June 2.—After thirty-four years of active service, Stockton's veteran police officer, Mike O. Carroll, retired from duty today. Officer Carroll will receive a \$78-a-month pension.

Recognized as the most efficient policeman throughout his long career, Carroll retires with the best wishes of his many friends. He has served in many capacities in the department, being detective, court bailiff, desk sergeant and various other things.

**MAJOR W. R. MAIZE DEAD**  
SAN DIEGO, June 2.—Major W. R. Maize, 75, veteran of the Civil war, is dead here today. Major Maize was breveted for valor in several Civil war battles and was well known on this coast.

## U. S. STILL GETS MUCH FIGHTING MATERIAL

Cheaper to Finish Work on  
Orders Already Begun  
Than to Stop

WASHINGTON, June 2.—America is finding it almost as difficult to stop her war preparation as it was to start it.

The War Department at present is accepting huge quantities of war material. Though most of it will not be needed in the near future, unless someone starts a new war, the army has found it cheaper to finish much of the work already begun when the armistice was signed than to abandon it.

Some of the items accepted since the armistice are: 976 75-millimeter guns (the famous French 75) with 5,567,000 rounds of high explosive and 2,751,000 rounds of shrapnel for them; 806 6-ton tanks (light Whippet type); 247 155-millimeter guns with 414,000 high explosive shells for them; 41,000 Browning automatic rifles; 30,000 Browning machine guns; 118,000,000 pounds of smokeless powder; 2,417 5-ton tractors for hauling heavy artillery; 124,000,000 pistol and 570,000,000 rifle cartridges; 650,000 tin hats; 56 8-inch howitzers; 347,000 model 1917 rifles (modified Enfields); 115,000 automatic pistols; 12,000,000 pounds of T.N.T. and 25,000,000 pounds of ammonium nitrate.

In the case of tanks and 75-millimeter guns, over 90 per cent of the total production was completed after the armistice. The largest percentage of any ordnance item to be delivered after the armistice was in the case of 155-millimeter recoil apparatus. Of these, \$80 of a total of 381 were delivered after Nov. 11.

All the items mentioned, of which a considerable proportion represents after-the-war delivery, required long preparation before manufacture could be begun. Besides constituting a valuable reserve for another war, the War Department pointed out, the material would be a total waste if it were not finished.

The War Department has terminated by cancellation since November 9 all but \$350,000,000 worth of contracts originally totaling \$5,650,000,000. Ordnance material represents the largest single part of the remaining contracts—\$138,975,000.

## PERSONALS

Mr. and Mrs. C. E. Treat left Santa Ana yesterday for the East. They will visit all the large eastern cities, combining business and pleasure. Mr. Treat is the owner of the T. & W. Universal Plug Company, which has recently opened a Chicago office, and he expects to assume the management

of that office temporarily. His office here will be continued.

Mr. and Mrs. George C. Roy and their daughters, Misses Elizabeth and Josephine, enjoyed Saturday at the New Hampshire state picnic in Sycamore Grove, Los Angeles.

Mr. and Mrs. Charles H. Cones, formerly of this city, now of Los Angeles, were guests yesterday of Mrs. Cones' brother, F. W. Bowes and family.

Mrs. S. J. Evans made a trip to Los Angeles today.

Rev. P. F. Schrock and Rev. F. G. Davies were visitors in Los Angeles today.

Mrs. Sarah Prescott has gone to Arkansas City, Kansas.

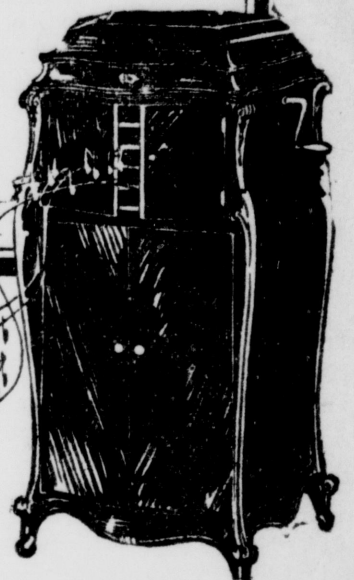

Mr. Coles, who is connected with the Holly Sugar Company, left today for Sheridan, Wyoming.

# "A-B" Gas Ranges

## Are the Biggest Sellers in the World Today

And the reason quickly unfolds itself when you examine and test one. We never have sold an article that gave more universal satisfaction—one that seems to bring such lasting gratitude from purchasers. It's a "Quality" article at a moderate price.

The No. 16  
"A-B" at  
\$48

The "A-B" has many exclusive patented features, one of which is the Glass Door that enables you to see your baking all the time. No more continual opening of the door, thus wasting heat and perhaps causing your baking to "fall" from the jarring of the door.

The "A-B" has the high baking and broiling ovens, porcelain trimmings, nickel parts, aluminum-lined ovens, glass doors, enameled broiling pans, white porcelain enamel dirt tray, aluminized top, grates, etc. The "A-B" is as easy to clean as a china plate—economical and sanitary in every detail.

The patented gas-saving features on the burners keep the flame from "floating," keeping the flame blue and hot, guaranteeing quick and steady action in cooking. Another economical feature: Baking and broiling may be done with the SAME burner. "A-B" Gas Ranges benefit by comparison with any other range on the market.

## DECLINE OF CRIME

Stockton is experiencing a decline  
of crime. The reason? Stockton recently  
went dry.

Judge J. A. Plummer, who presides  
over the criminal department of the  
Superior court of San Joaquin county,  
of which Stockton is the county seat,  
is authority for the statement that  
since the saloons were closed in  
Stockton the criminal cases in his  
court have been reduced about 50 per  
cent. His court calendar indicates that  
the criminal business of his court will  
be comparatively little and if the situation  
justifies he will ask that some  
of the work of the other departments  
of the court be assigned him.

This situation comes as no surprise  
to the anti-saloon forces of Stockton,  
for they knew that crime would de-  
crease with the curtailing of the li-  
quor traffic.

Statistics gathered from all over the  
country show the same result. When  
liquor goes out, crime goes down.

However, we need go no further  
away from home than our own county  
to get overwhelming proof of the  
effect that no-saloons have upon  
crime. Each city of Orange county  
that has gone dry furnishes its proof.  
The most recent statements in behalf  
of the value of the abolition of the  
retail liquor business in Orange county  
comes from the sheriff's office.

It is declared that since Anaheim  
went dry, officers have had very little  
trouble with criminally inclined Mex-  
icans.

Ranchers who employ Mexicans say  
that their labor is far more dependa-  
ble that it was when Mexicans could  
go to Anaheim, and did go frequently  
for liquor. Mexicans who could not  
be depended upon to show up for work  
Monday morning, are now on the job  
every day of the week. They have  
money with which to buy food and  
clothing. When liquor was easily ac-  
cessible, liquor came first and food  
and clothing were bought if, per-  
chance, there was any money left over  
after thirst was satisfied.

It's true everywhere. When drink is  
hard to get, men who are inclined to  
drink get into less trouble than they  
do when the invitation of the open  
saloon is always extended to them.  
They are of more use to themselves  
and to their families, and to the in-  
dustry in which they are employed.

## CONTROL I. W. W.

The so-called "anti-sabotage" law,  
having been made an emergency  
measure by the legislature and ap-  
proved by Governor Stephens, is now  
in full force and effect, and the peace  
officers of California have at last ob-  
tained means of dealing effectively  
with I. W. W.-ism.

The police authorities have hereto-  
fore been singularly helpless in coping  
with the criminal agitation that was  
carried on from headquarters that  
were established in all the important  
centers of the state. Literature was  
disseminated and meetings openly  
held to incite a spirit of lawlessness.  
The police might conduct raids and  
make arrests, but could prefer charges  
only of vagrancy or disturbing the  
peace, and such prosecutions were  
wholly futile.

Under the very eyes of the police  
the criminal agitation of terrorism was  
conducted, the law sadly impotent to  
deal with it.

Governor Stephens' vigorous cam-  
paign throughout the state to arouse  
the people to the need of drastic steps  
against the new form of lawlessness  
led to his recommending to the legis-  
lature the enactment of the measure  
that is now the law of the state.  
While it is yet to undergo the test,  
much confidence is felt that it will  
prove an effective instrument.

How helpless the state authorities  
were was signally demonstrated when  
Sacramento's chief of police, in at-  
tempting to take advantage of the  
espionage law enacted by congress,  
raided the I. W. W. headquarters in  
that city, gathering in a considerable  
assemblage of vicious propagandists  
of lawlessness and crime.

Agents of the government at first  
refused to prosecute, and ordered the  
men turned loose.

The chief of police was without war-  
rant of any state law, but he refused  
to permit such a vicious aggregation  
to go at large. Sacramento citizens  
appealed to Governor Stephens. The  
governor was likewise powerless, so  
far as state authority was concerned.  
He wired to Washington, however,  
making emphatic representations,  
with the result that the federal au-  
thorities took hold and under federal  
statutes conducted a prosecution that

sent the entire group to prison.

Over-zealous federal deputies had  
likewise conducted a raid in Fresno,  
and the men were about to be releas-  
ed when Governor Stephens, again  
powerless, so far as having any state  
authority, appealed to Washington  
with the result that many of the men  
were convicted in the Chicago trials.

Hereafter, literature giving formu-  
las for bombs and of chemicals to be  
used in setting fires, or explaining  
how a farmer's trees may be killed,  
or urging violence and sabotage or  
any other of the many phases of I. W.  
W. propaganda, can be made the basis  
of prosecution on a felony charge. The  
preaching of "direct action" will no  
longer be tolerated in California.

The act was prepared with the  
greatest care so that unscrupulous ag-  
itators cannot interpret it as an in-  
strument against the activities of  
legitimate labor. It has the approval  
of all well-recognized labor leaders,  
who stand as a bulwark against the  
irresponsible agitator that aims at dis-  
order and lawlessness.

A poll of Congress made by the  
New York World, which is strongly  
in favor of repealing the war-time  
prohibition act, shows a majority of  
congressmen opposed to the repeal. It  
seems assured, therefore, in spite of  
President Wilson's wishes, that no  
step will be taken to prevent the act  
from going into effect and making  
the country dry after July 1.

Do you know of any bond expendi-  
ture in Orange county which has not  
been worth to us a lot more than it  
cost? What about our good roads, our  
schools, our courthouse, paved streets,  
municipal water systems? Without  
these things, what would Orange  
county be like, anyway? The harbor  
is just as important to our progress  
as any of these.

## For Farm School

Riverside Press

The signing of the farm school bill  
will be hailed with special satisfaction  
in Riverside county, where by the pro-  
visions of the bill the institution will  
be located, and in San Bernardino  
county, where the movement origina-  
ted. As a matter of fact, however, the  
institution is planned for all Southern  
California and the approval of the  
measure by Governor Stephens is a  
just recognition of the claims of this  
part of the state to an institution sim-  
ilar in character to the school at Davis.  
That school is too far away for the  
people of Southern California, and it  
is located in a section where the con-  
ditions of agriculture are entirely dif-  
ferent than those in this section. The  
rainfall is much greater, the leading  
crops are different and methods of  
farming are not the same. It is not  
possible to train farmers at Davis for  
the semi-arid conditions of Southern  
California and that institution has  
therefore been only of a very limited  
value to the agricultural interests of  
this part of the state.

"Dry farming" under conditions of  
limited rainfall, citrus culture and  
other lines of work not applicable to  
Davis will be made prominent in the  
new institution and its value to the  
agricultural development of Southern  
California will be tremendous. There  
are vast areas of lands in Southern  
California, the improvement of which  
will be helped by experiments and in-  
struction in the new farm school; and  
for that reason San Diego, Orange, Im-  
perial and Los Angeles counties join  
with Riverside and San Bernardino  
in rejoicing over the signing of the  
bill.

Riverside is an ideal location for the  
school from the point of accessibility,  
favorable environment and typical soil  
and climatic conditions; and if the new  
school is located near the citrus ex-  
periment station, co-operation between  
the two institutions that will be mu-  
tually valuable and economical will  
be possible.

A long, hard fight has been won, and  
we are grateful to Governor Stephens  
for the final act which made success  
possible.

## School Bills Signed

Riverside Press

Governor Stephens has earned the  
deep and sincere gratitude of the 20,000  
teachers of California by signing the  
bills that provide for increased state  
and county support for the elementary  
schools of the state. The situation  
was a critical one; and had not the  
bills been approved, the state faced  
shorter school terms and the loss of  
many hundreds of teachers from the  
profession because they could not af-  
ford to continue in the work at the  
meager wages paid. Conditions in  
many of the counties of the state are  
pathetic and there is genuine relief at  
the stand taken by the governor.

The action by Governor Stephens is  
the more gratifying because it is taken  
at a time when the finances of the  
state are depleted and the appropriation  
of nearly \$2,000,000 additional for  
the schools inevitably means that many  
other worthy projects have to  
suffer. The governor, however, was a  
teacher himself once and he married  
a teacher from the country schools of  
San Diego county. He has shown a  
sympathetic interest in the public  
schools and an appreciation of their  
needs that is most gratifying.

Conditions were not so acute in Ri-  
verside county as in some other local-  
ities, but even here the outlook was  
alarming; and there will be general  
rejoicing that increased support for  
the schools and somewhat better salar-  
ies for the teachers are assured. The  
bill for increased county support will  
mean an increase in the county tax  
rate, but the Press believes the peo-  
ple of the county recognize the im-  
perative need of this increased aid to  
the schools and will make no objec-  
tion to putting up the \$44,000 addition-  
al which this county will supply. The  
plan was a well balanced one for a  
commensurate increase in state and  
county support agreed upon by all the  
educational forces of the state, and  
the governor showed his good judg-  
ment by approving it as a whole.

## Amateur Night

## Business is Thriving

(From the Long Beach Press)

Who is saying that retail trade throughout the country  
is assuming "unprecedented volume?" Not irresponsible  
visionaries—not over-exuberant optimists, but the cool,  
keen-minded, level-headed men of affairs who are at the  
helm of the Federal Reserve Banks.

There is decided improvement in general manufactur-  
ing.

Reports from all federal reserve agents are practically  
uniform in pointing to a summer and autumn of unusual  
activity, "with many indications of business prosperity,  
especially in agriculture and merchandise, and to some de-  
gree, in manufacturing."

This is very encouraging. It comes from a source that  
commands confidence and respect. It is not exaggerated.  
It is not so reported for effect. It is the truth, as nearly exact  
as it is possible to ascertain.

Readjustment following the war is proceeding much  
more rapidly than was expected. The approach toward  
normal economic conditions is swift.

### THE OLD FLAG

Off with your hat as the flag goes by!  
And let the heart have its say;  
You're man enough for a tear in your eye  
That you will not wipe away.

You're man enough for a thrill that goes  
To your very finger tips—  
Ay! the lump just then in your throat that rose  
Spoke more than your parted lips.

Lift up your boy on your shoulder, high,  
And show him the faded shred—  
Those stripes would be dyed as the sunset sky  
If Death could have redyed them red.

The man that bears it is bent and old,  
And ragged his beard and gray,—  
But look at his eye fire young and bold,  
At the tune that he hears them play.

The old tune thunders through all the air,  
And strikes right in to the heart;—  
If ever it calls for you, boy, be there!  
Be there, and ready to start.

Off with your hat as the flag goes by!  
Uncover the youngster's head!  
Teach him to hold it holy and high,  
For the sake of its sacred dead.

—H. C. Brunner.

## EMPLOYEES OF FOUNDRY TO STRIKE WEDNESDAY

SAN FRANCISCO, June 2.—Found-  
ry employees of the Graham Manu-  
facturing Company, Newark, Cal., will  
strike at noon Wednesday, according  
to an order issued today by the found-  
ry employees' union. The strike order  
declares the walkout is to enforce the  
new scale of wages, retroactive from  
October 24, ranging from \$4.16 per  
day from foundry helpers and yard-  
men, to \$6.40 for furnace men.

## OBSERVATIONS

There is to be a big anti-prohibition  
rally in Washington, D. C., next  
month. That's right—rally 'round the  
jag, boys!

The Frankfort Gazette says that  
Germany is at the grave side of right.  
She buried right four years ago. Why  
hang around the tomb?

If the Germans only get mad over  
this peace treaty, they may decide to  
punish the kaiser themselves. Didn't  
he get them into the mess?

Uncle Sam will give up the rail-  
roads as soon as he can find out how  
to let go.

Germany has lost about everything  
except what she could best dispense  
with—her egotism.

War taxes come hard, but it's good  
business to pay them. The United  
States so far has paid one-third of its  
war expenses by current taxes. One  
of the reasons why both Germany and  
France feel their war burdens press-  
ing so heavily today is that they raised  
their war funds almost wholly by loans  
—whose payment they now face.

## Stories Salvaged From the Street, Shop and Fireside

By Members of the Register Staff

THIS IS A STORY OF HOW JOE  
SKIDMORE MISSED A MEAL

Joe Skidmore and Elmer Jahraus,  
well-known and popular Laguna Beach  
boosters, were standing on the cor-  
ner.

It was just twelve o'clock.  
Joe was looking glum and was  
spitting out short staccato sentences,  
and Elmer was talking softly and  
looking pleasant, propitiatory and  
persuasive.

What in Sam Hill was the matter  
with the usually jolly Joe, anyhow?  
"I just can't make Joe out," said  
Elmer, when the Register man butted  
in. "Here I've just invited him to  
have lunch with me and he says  
'nothing doing.' Usually Joe accepts  
an invitation to lunch with alacrity  
and appetite, and a grin equal to that  
of an alligator about to swallow a  
fat, juicy little nigger. But here he  
is absolutely turning down a perfect-  
ly good Dragon or White Cross or  
Cherry Blossom luncheon. I can't  
understand it."

"Well," said Joe, "if a man can't  
cut out a meal without giving the  
whys and wherefores thereof I'd like  
to know why. But for fear you'll  
have me arrested on a charge of  
lunacy, I'll tell you what's taken my  
appetite. It's a dentist. Any old  
dentist can take a man's appetite.  
But this dentist—say! Listen! He's  
got the oil fever. He has some land  
nearly close unto a gusher. And as  
he worked on my teeth he was tel-  
ling me about it. Every time he'd  
mention the depth of the well, he'd  
try to gouge that deep into my tooth,  
and every time he'd say 'drill' he'd  
'step on her' and that d—d—  
drill of his would bore into my jaw  
like it was due in China before noon.  
'If ever I go to a dentist again, be-  
lieve me, I'll find out first whether  
he's an oil fan or not."

"Well," concluded Joe, "I suppose  
I'll have to eat a little something just  
to keep up my strength. Maybe we  
can find a place where I can get an  
oyster stew—I can swallow oysters  
whole, you know—and a bowl of  
oatmeal and some cottage cheese and  
some bread pudding and a nice soft  
piece of pie and a cup of coffee and  
an ice cream soda and—"

But Jahraus had disappeared and  
the Register man had to catch the  
Los Angeles car that was coming up  
the street.

The last seen of Joe he was look-  
ing longingly towards a pie palace,  
rubbing his jaw with one hand and  
patting his b—d abdomen with the  
other.

## IRATE DEMOCRATS SAY HE DIDN'T BOOST FOR SNYDER

There are several Democrats who  
are considerably peeved because a  
Los Angeles paper printed a state-  
ment to the effect that "M. A. Yarnell,  
editor of the Santa Ana Bulletin,  
headed a delegation of Orange county  
Democrats who went to Los Angeles  
to urge the election of M. P. Snyder  
for mayor."

Jim Sleeper, Orange county assessor  
by election, and Charlie Over-  
shiner, postmaster by appointment of  
a Democratic President, met on the  
street corner and talked about it.  
By the way, Overshiner is also half-  
owner of the Bulletin and Yarnell is  
owner of the other half.

"It's a blanket-blank piece of un-  
truth," said Charlie to Jim.  
"I thought it sounded kind of fun-  
ny," said Jim to Charlie. "I hadn't  
heard anything about any Democratic  
delegation going up there."

It would have been strange, indeed,  
for an Orange county Democratic de-  
legation to have gone anywhere and  
left Jim Sleeper behind.

"Nobody went up," continued  
Charlie to Jim. "Yarnell didn't go up.  
He wasn't in Los Angeles at all at  
any time in weeks, and nobody else  
from down here has been in shooting  
distance of Snyder's headquarters.  
Those Los Angeles papers don't care  
what they say, when it comes to pol-  
itics."

"You can't trust 'em as far as you  
can throw a bull by the tail," said Jim.

## MR. MPHEE DECLINES

HARBOR BONDS DEBATE

I notice that L. L. Shaw is willing,  
not to say anxious, to engage in a de-  
bate "at any time and any place" with  
the writer, regarding the harbor bond-  
ing proposition. In declining his offer,  
I would suggest that, if he is really  
anxious for a debate, he arrange one  
with his co-laborer on the Harbor  
Commission, Mr. Wallace, who, after  
time and again declaring that "much  
less than \$500,000 would give Orange  
county a harbor which would compare  
favorably with many of the world's  
great harbors," as harbor commis-  
sioner estimated the cost at \$637,000.

A debate between Messrs. Shaw and  
Wallace as to which set of Mr. Wal-  
lace's figures is the best and nearest  
guess ought to be real interesting.  
Speaking of debates, if Mr. Shaw is  
really anxious to "hire a hall," and  
enlighten the public on the harbor  
question, I have a further suggestion  
to make: Santa Ana has two civil  
engineers of high standing and ac-  
knowledgeed ability as such. Both  
these gentlemen, Messrs. S. H. Pinley  
and H. C. Kellogg, have prepared  
statements concerning the proposed  
building of a harbor at Newport  
Beach. Printed copies of both these  
statements have been mailed to Mr.  
Shaw, and I suggest that he hold a  
meeting and proceed to show, if he  
can, why his views and those of the

## 2 KILLED, 1 DYING IN FAMILY FIGHT

RIVERSIDE, June 2.—Two Mexi-  
cans are dead and one is dying in the  
Riverside county hospital as a result  
of a family fight last night at 3  
o'clock. Endro Luke, the man who  
did the shooting, escaped. The dead  
are Mrs. Vicenta Jill Luke, wife of the  
man who did the shooting, and Jose  
Barrow, a cousin. Dolores Jill, broth-  
er-in-law, is in the hospital with five  
bullets in his body and cannot re-  
cover.

The first shots were fired in the  
home of Endro Luke. Jill fell to the  
floor and Mrs. Luke and Barrow ran  
into the street. Luke followed. He  
fired first at Mrs. Luke at a distance  
of about fifteen yards, killing her in-  
stantly. Barrow tried to escape, but  
the aim of the Mexican was true and  
he fell with a bullet in his heart.

## WOMAN'S TEARS

A woman's tears, how slight they seem,  
Yet stronger are they far, I deem,  
And fraught with mightier weal or woe  
Than anything the earth can show.  
Man has a heart all vainly prone  
To seek no counsel save his own,  
But when the haughty spell is past  
He yields to woman's tears at last.  
'Tis not by cannon, torch or lance  
That God's wide purposes advance;  
The beacons of His kingdom shine  
In tears above the cradle shrine.

There is the sweet anointing grace  
That saves the conscience of the race.  
The antidote to human care,  
The last availing human prayer.  
I hear the cries and feel the shame  
Of man's high-vaunted futile aim  
To set for woman metes and bounds,  
But these are only empty sounds.  
For when the fight is lost or won,  
And all the wild debate is done,  
And every battle banner furled,  
A woman's tears will rule the world.

—Philadelphia Ledger.

**Interesting Saturday Wedding**  
Saturday at the home of the bride's parents, Mr. and Mrs. E. H. Prince, Miss Frances Conder was married at 10:30 to Dr. George Kennedy Brandriff of Hemet.

Dr. O. B. Waite of Hemet solemnized the ring ceremony, the groom's sister, Mrs. F. E. Smith, singing, "Oh Promise Me," accompanied by Miss Edith Withall.

The bride was gowned in a beautiful white tulle suit and hat, her bouquet being of white roses.

Out of town guests were Dr. O. B. Waite of Hemet, Mr. and Mrs. Francis Smith and Mrs. Smith of Orange, Mr. and Mrs. F. L. Thomas of Los Angeles and Miss Edith Withall of Pasadena, and relatives of the family.

The bride is one of the high school teachers of Hemet high school, this being her fourth year, and the groom is a young dentist of Hemet, formerly of Orange. He was recently discharged from the army.

After the honeymoon, at Laguna, Dr. and Mrs. Brandriff will return to Hemet next week to reside. Mrs. Brandriff will complete the school term.

**Supper at Balboa**  
Mr. and Mrs. J. W. Hagerman of Redondo Beach, Mr. and Mrs. Horace Fine and family, Mrs. Louise Waite, Mr. and Mrs. George W. Young, Mr. and Mrs. John Rudolph, Mr. and Mrs. Charles Schmiedeburg and son Leo Schmiedeburg, Mr. and Mrs. E. B. Collier and daughter Miss Leatha Collier, Mr. and Mrs. J. W. Wagner and Mr. and Mrs. J. C. Candebat and Miss Elizabeth, Agnes and Maria Rudolph formed a merry party which enjoyed a chili con carne dinner at Balboa Saturday.

The company enjoyed the carnival and went grunting hunting, but failed to capture any of the shining beauties.

**Woman's Club Tomorrow**  
The Woman's Club will meet tomorrow afternoon with Mrs. R. Ruth Tiffany, 1316 Spurgeon street.

**Wedding Anniversary**  
Mr. and Mrs. D. S. Bickley of 610 East First street, celebrated their fiftieth wedding anniversary yesterday.

The day was spent at the Palisades, Balboa. Lunches were taken and a good time was enjoyed by all. Mr. and Mrs. Bickley were married at Waterloo, Iowa, in 1869. They came to California in 1900 and settled on a ranch close to Tule. They came to Santa Ana about eight months ago and have just recently bought a home at 610 East First street, where they now reside.

**Roosevelt P. T. to Install**  
The Roosevelt Parent-Teacher Association will hold the last meeting of

the year Tuesday at 7:30 p. m. Mrs. close to Tule. They came to Santa the coming year, and a program has been prepared, followed by a social time. Parents and friends are cordially invited.

**Family Gathering**  
The arrival here Friday of William and George Ash from Delta, Colo., was made the occasion yesterday for a family gathering at the home of Thomas Ash, with a picnic dinner featuring the day. The visiting brother had not seen Thomas Ash of this city for about eleven years.

Those present at the gathering were William Ash and wife and grandson, Norville Coe, George Ash; Mrs. Anna Martin of Hurley, New Mexico, and Mrs. Mollie Freed of Los Angeles, who are sisters of the Ash brothers, Park Ash and son, Leonard.

**Saturday's Ebell Meeting**  
The report of a committee appointed to consider a revision of the constitution was a feature of prime interest at Ebell Saturday afternoon.

The proposed revision would change the day of meeting from Saturday to Monday, and would change the present somewhat unsatisfactory method of electing officers. The change from Saturday to Monday for its regular meetings would, it is felt, make a great difference in the attendance for many people now motor out of town for the week end and an increasing number of women feel it considerable of an inconvenience to attend a Saturday afternoon meeting.

The present election system consists of a primary election followed a month later by the regular election. The proposed revision would provide instead a nominating committee of five, of whom two would be appointed by the board and three nominated from the floor, with the added provision that any name endorsed by fifteen Ebell members and presented to the nominating committee ten days before the election must also be placed upon the ballot.

Mrs. A. J. Crookshank gave a very thoughtful and comprehensive report of the State Convention recently held in San Diego. Mrs. Bartholomew reported the District Convention and Mrs. Lucy Evans the County Convention. The reports all showed the advantages of organization to women in the past four years of war work and in Mrs. Crookshank's report of the State Convention, special emphasis was laid upon the three great inheritances from the war prohibition, suffrage and tolerance. Americanization is promised as the theme of club work in the immediate future.

Lillian Burkhardt Goldsmith, who furnished the program, most appropriately chose for her subject "Woman—Today and Tomorrow." Mrs. Goldsmith might have included "Yesterday" in her clever lecture, for her review of woman's influence and activities began with Eve, and came down through the Mediaeval days to the present day, when, declared the speaker, women have once more stepped into the arclight of splendid service. As usual, Mrs. Goldsmith's lecture was inspirational in theme and delivered with a charm that puts her audience into that receptive mood so essential to the success of a lecturer.

**News From Wisconsin**  
The Fairmont, Wis., Daily Sentinel has the following items, which will interest Santa Ana people:  
Santa Ana, Cal., men, discouraged with progress made in the Victory Loan drive, conceived the bright idea of getting the ladies to do the work. Sixty women were formed into committees of three each. Mrs. John G. Mitchell, at the head of one of these worked from Monday until Saturday and won the distinction of being dubbed the "Big Three," as they raised over \$75,000. The city went over the top gallantly. Evidently, Mayor John G. is not the only worker in the Mitchell family.

George Lester has sold his home in Glendale, Cal., and moved to Santa Ana, mecca of so many former Fairmont people. Mrs. Lester started Sunday and after visiting her daughter Lois, in Northern Minnesota, will come to Fairmont to be warmly welcomed by a host of friends.

Mrs. G. H. Luedtke, who spent the winter with Mrs. A. H. Smith in Hollywood, Cal., and visited in Santa Ana, has joined her husband, Capt. Luedtke, at Fort Riley, Kansas.

Mrs. Alida Petrie, who spent the winter in Santa Ana, Cal., arrived home this afternoon.

**Last Lyceum Number Thursday**  
The fifty and last Lyceum number will come Thursday evening. Owing to the fact that Ralph Bingham was unable to arrange for a second trip to California this winter, a substitute attraction had to be scheduled. Grace Wood-Jess will be the substitute and those who are familiar with her work say that Lyceum patrons are not going to be disappointed. Madame Jess is known officially as a disease interpreter of rare folk songs.

Gifted with a mezzo-soprano voice of great warmth and sweetness, unusual personality and dramatic ability, Grace Wood-Jess is peculiarly adapted for interpreting these rarely heard melodies of the people. Her programs include folk songs of France, England, Ireland, plantation melodies, and songs of the Kentucky mountain folk. She tells the quaint stories of these songs and the original singers, creating the atmosphere of each character she presents.

Season ticket holders may secure reserved seats beginning Tuesday at Sam Stein's. The number will be given in the high school auditorium.

## OLD SOL BREAKS THROUGH WITH FORCE

Opens Summer Engagement With a Hot Wave That Sends Temperature Up

Boy, she was some hot today. It was only 86 in the shade at 1 o'clock today.

The first of June opened with a "bazer" and while the heat was not so oppressive as today, it indicated in full that summer is here—and to stay for a few months.

The weather has been cool and the sudden awakening of Old Sol to real action yesterday made the temperature seem more severe than it really was. The same holds good today.

The temperature reading was made at Hill and Son's at 1 o'clock, and the thermometer was located in one of the coolest spots that could be found.

It is said that if the weather grows much hotter and remains so for any length of time, crops, especially the walnut crop, is bound to suffer. The weather, for some time has remained cool and cloudy.

The nuts are tender, and if the weather warms up to any considerable degree, they are likely to be burned. Such was the case two years ago. A fine crop of walnuts had set, but a hot spell of weather burned them so badly that a poor grade of nuts resulted.

## City and County Briefs

**Edwin Mueller of Santa Ana** reported to the Long Beach police Friday night that his Ford automobile had been stolen Friday from its parking place at Long Beach.

According to batting averages reported by the big leagues up to and including Wednesday's games, Gavvy Cravath of Laguna Beach, veteran fielder for the Philadelphia Nationals, led all batters of the National and American leagues. His average was .342 and he is tied with Kauff, New York, for home runs, each having four.

The Seal Beach Schools closed Thursday afternoon for all pupils except the eighth graders, who will return next week to take the county examinations.

Rev. J. H. Woodruff, who recently conducted a very successful three-weeks' revival meeting in the Brea Nazarene church, has now accepted the pastorate of that body and moved his family there from Denver, Colo.

Miss Allie Walker, formerly of the Columbia lease, has gone to Lyon, Cal., where she will assist in a Salvation Army orphanage. She was accompanied by Mrs. W. Hillborn's cousin, Miss Ida King of Pomona, who also has accepted a position at the orphanage.

Miss Ruby Roth, who has been teaching in the Buena Park school for the past three years, will be a teacher in the Fullerton schools the coming year.

Contractor F. V. Pruitt has just finished a beautiful cosy bungalow for J. B. Stewart in the 600 block on South Birch. Stewart was among the first to take out a permit to build, after Uncle Sam lifted the building ban.

Harbor stickers, the kind now widely displayed on automobiles in Orange county boosting the harbor bonds, will soon be plastered over Santa Ana as a constant reminder of the duty to vote next Tuesday. Hugh J. Lowe, president of the M. and M., has appointed Sam Stein chairman of a committee to do the plastering and the large committee will get busy at once.

In a collision Sunday at the corner of Second and Sycamore between machines owned by W. J. McCandria and J. R. Amathy, both of this city, the latter's car was somewhat damaged.

G. A. Schweiger, proprietor of Modjeska's Inn in the Santiago canyon, was a business visitor in Santa Ana today.

"Just arrived Hoboken safe and sound. Will be home soon." Thus reads a telegram received by Mrs. Helen Frye, 121 Orange avenue, from Sergeant Hershel G. Frye of the 20th Engineers.

The fire department responded to a call at 1:20 p. m. yesterday and put out a small fire in the basement of the Clarence A. Gustlin home at 816 North Main street. The garden hose sufficed to put out the fire, which was in some cardboard boxes which were used to hold canned fruit. The cook, employed at the place, in getting some fruit, dropped a lighted match among the boxes, starting the blaze.

The articles of incorporation of the Orange County Historical Society having been approved by the secretary of state, a meeting looking to further steps in the proposed work of the society will be called. The society aims to preserve relics and secure records of early Orange county history.

Why we should take care of our eyes

## Are You Dizzy or Have Headaches?

Nothing is more precious than Eyesight. Much has been said and volumes written describing at length the many kinds of human ailments directly and indirectly due to eye troubles.

Many people think they have stomach trouble and after various kinds of treatments find out the trouble lies with their eyes—

Others have constant dizzy spells and think it some kind of blood pressure, and, after spending a lot of money for specialists, find out it's their eyes—

Others again have all kinds of pains in back of head or feel dull most of the time—after all kinds of medicines fail to remedy the trouble they finally admit it must be their eyes—

Now, why not let us take care of your eyes? We will save you considerable trouble, time and money. If you are troubled with any of the above ailments submit your case to OUR EXPERT REGISTERED OPTOMETRIST and find out the truth. If it is your eyes you surely want to know it and you should know it. If it is not your eyes we will honestly tell you so.

IF YOU WOULD ENJOY PERFECT EYESIGHT COMFORT, COME IN THIS WEEK AND LET US TAKE CARE OF YOUR EYES. OUR CHARGES ARE REASONABLE INDEED—ALL OUR WORK IS ABSOLUTELY GUARANTEED.

Our moderate prices please; our superior service satisfies. Broken lenses duplicated in 40 minutes.

## KELLOGG KILLED WRECKED JAPS AND THEN SPEEDED AWAY

Body Was Not Blown to Pieces, According to Ferris Snavely

What appears to be the first authentic information as to the manner in which Ernest Kellogg of this city met death in the Argonne was brought here last night by Ferris Snavely, who claims to have been in the last Battalion, and who claims to have seen Kellogg and Nat Rochester killed.

According to Snavely's statement to others while in the city he saw Kellogg fall. He was not blown to pieces. A bullet pierced his head. The body was not mutilated.

The news comes in a second-hand way, but is believed to be reliable. Unfortunately, Snavely could not be reached today and his version could not be obtained by the Register.

He has been working for John Cook at Anaheim and left there this morning for Los Angeles, later expecting to go into the Antelope valley. He may decide to return to Orange county in three or four weeks.

He was in Santa Ana last evening with Albert Cook, a son of John Cook, and volunteered the information to County Auditor Jerome, while Jerome and Cook were greeting each other at the Dragon.

Mr. and Mrs. J. E. Kellogg, parents of Ernest Kellogg, have received their first official notice from the war department of the death of their son. The telegram is in the usual form and throws no light on the case, beyond the fact that he is officially reported

dead. Previous advices were to the effect that he was missing in action.

The Red Cross has made diligent effort to locate Kellogg's grave, but have failed, and this confirmed the general belief that he was blown to pieces.

Snavely's statement, taken with the report of the Red Cross that his grave could not be found, now leads to the belief that Kellogg was buried under the name of some other American soldier.

John Cook and his son were away from home today and the unit Snavely was with or his home city could not be learned.

The department telegram to Mr. and Mrs. Kellogg refers to Private Kellogg, while Ernest Kellogg was a corporal.

**OVER 500 LOAVES SOLD**  
Sandwiches were very popular with beach parties Saturday. If the sale of bread at the Dragon is an index, for F. W. Fuller reports the sale of more than 500 loaves of Dragon Luxury bread during the day. This Dragon product has been increasing steadily in popularity right along. The sale kept twenty-eight people on their toes at the Dragon Saturday.

Use  
**Resinol**  
first for  
skin troubles

Delay in the proper treatment of skin troubles is dangerous. Every day spent in trying unproved remedies may only let the disorder spread and become more and more deeply seated. The value of Resinol Ointment is known. For over twenty years it has been used as a soothing, healing remedy for the skin.

If applied in time, it usually checks the itching and reduces the eruption right away. But even in stubborn, long-standing cases, it is surprising how quickly this gentle, yet effective ointment brings results. All druggists sell Resinol Ointment. Men with tender faces find the rich lather of Resinol Shaving Stick delightful.

## HOT MAYORALTY SEES RUINS OF FIGHT COMES TO CLOSE RHEIMS, VISIT IS DETAILED

LOS ANGELES, June 2.—With the air thick with bitter charges and counter charges, Los Angeles today saw the hottest municipal political campaign in years come to an end.

Tomorrow the voters will decide whether Frederick T. Woodman, incumbent, shall continue as mayor or shall be succeeded by Meredith P. Snyder, who has a record of three previous terms in the city's chief office.

The campaign has hinged on charges of graft in the city government and immorality in the city, brought against Mayor Woodman. The sensational feature of the contest was furnished a little more than a week ago when Rev. Glen MacWilliams, secretary to Mayor Woodman, suddenly resigned with a statement that Woodman had wanted him to testify falsely before the grand jury.

Woodman is answering the attacks made upon him with a counter-charge that District Attorney Thos. L. Woolwine is using his office to defeat him.

Woodman defeated Snyder at the primaries two years ago. In addition to the mayoralty race, a spirited campaign for places on the board of education is in progress, and nine of eighteen candidates for city council will be elected, largely on individual platforms.

A bond issue for \$13,500,000 for purchase of the Southern California Edison Company's electrical distribution system for consolidation with the municipal power system, also is before the voters.

## COURT TO BE SHOWN WIRELESS APPARATUS

SAN FRANCISCO, June 2.—When the appeal of the \$7,000,000 damage suit of the Marconi Wireless Telegraph Company against the Kilbourne and Clark Company of Seattle is heard in the United States Court of Appeals here tomorrow, the court will have installed before it powerful sending apparatus ready to demonstrate.

The Marconi company declared the Seattle company and the navy both had infringed upon its patent rights. The United States court in Seattle decided that although certain of the patent claims of the Marconi company were valid, it was not entitled to damages. Both the companies appealed from certain features of the decision.

### DRUNKEN DRIVER TWO MEN APPLY FOR ASSESSED \$50 SCHOOL BOARD JOBS BY HEATHMAN

Glen Rouse of Placentia Monopolizes City Streets Early Sunday Morning

A fine of \$50 was imposed on Glen Rouse of Placentia this morning by City Recorder Heathman for driving his car in this city yesterday morning while in an intoxicated condition.

Rouse was driving his car here early in the morning. He was almost helpless and could hardly keep his machine within the street. It was about 8 o'clock when he was arrested on North Main street, near the bridge, by Motorcop Stewart.

Rouse had driven up Fourth street once or twice when it was observed that he was under the influence of liquor. City Marshal Jernigan was notified and got out on his trail, but Stewart caught up with the man first.

Rouse's car was running from one side of the road to the other, and it was due only to the fact that traffic on Main street was light at the time that a serious accident did not result.

### HUNTER IS ON TRIAL UPON ASSAULT CHARGE

Today Judge Williams and a jury are hearing evidence in the trial of Judson Bartscherer of Los Angeles on a charge of assault with a deadly weapon upon Ed Hardy, keeper of the Casadores Gun Club, near Sunset Beach. Bartscherer is alleged to have come upon the Lomita and Casadores preserves on October 29. Hardy was helping the Lomita club keeper chase Bartscherer. Bartscherer declares that Hardy struck at him with a hammer before Bartscherer drew a revolver and fired.

Those on the jury are T. W. Cadd, R. M. Jackson, E. D. Lang, G. W. Hardin, R. J. Webster, W. H. Keiser, W. W. Krick, John Lutwiler, A. C. Curtice, William Woodhouse, F. J. Adams and A. A. Lee.

### IN MAINTENANCE CASE ASKS \$150 A MONTH

Suit for \$150 a month separate maintenance has been brought by Elizabeth Benjamin of Anaheim against Horace Benjamin. The complaint, filed by Attorney Clyde Bishop, alleges that the couple married in Aberdeen, S. D., on June 1, 1918, a year ago yesterday, and that without cause Benjamin deserted the plaintiff, leaving her with no means of support and physically unable to earn her own living.

The married wire entanglements, shattered German tanks, demolished aeroplanes, they are all there.

The ground is rich with relics, and we are of course carried away a bunch of shells, etc., but steered clear of the hand grenades for there are many enough to spy a German helmet lying in a clump of brush, and darted after it, afraid someone would get there first. I got it, but tore my trousers on the barbed wire. It was worth it, for it had a fine crack on the top of it, where a piece of shrapnel had hit it. Whoever wore it certainly saw stars.

I was glad I went to see it all, and would have regretted it had I not, but after seeing it, I was glad to get away, and I will never, never forget the sight, and especially the smell.

### WILL DECIDE IF MAN CAN KEEP FIVE DOGS

REDWOOD CITY, Cal., June 2.—The request of Walter W. Stettheimer to be allowed to keep his five canines on his country place near Atherton, will be decided upon today by city supervisors.

Because of the law limiting two dogs to be quartered on any one premises, Stettheimer was forced to put his plea before the supervisors before bringing the dogs on his place.

**BIKE RACE WINNERS.**  
SAN FRANCISCO, June 2.—"Musty" Crebs, Salt Laker, took the half mile professional bicycle race at the Velodrome from Pete Morgan, the favorite, yesterday. Hans Ohrt won the professional one-mile handicap and Will Brae, Olympic club, won the amateur mile handicap.

### TREE TRIMMING CREW STARTED WORK TODAY

Street Superintendent Hpy today started a crew of tree trimmers working on South Main street. The city is going to trim trees where their branches hang too low over the work or street. The first work will be done in the southwest corner, the operations being south of First and West of Main streets.

Property owners who want to do their own trimming instead of letting the city men do it, are advised that if they will do the work and throw the trimmings on the curb before the city workmen get to their places, the trimmings will be hauled away by the city teams. The same applies to trimmings from trees in backyards.

Trimming put on the curb after the crew has passed will not be hauled away by the city. The property owner will have to do this at his own expense.

### 5 DEAD IN CHICAGO AS RESULT OF HEAT

CHICAGO, June 2.—Five men were dead here today as a result of the heat wave which has held Chicago in its grip for two days. A maximum temperature of 95 degrees was reported in some quarters. Many bathers thronged the beaches and thousands of children waded in the parks and in playground pools yesterday.

Two members of the county board of education whose terms expire on July 1 have applied for re-appointment by the board of supervisors. They are J. R. Parker of Fullerton and W. P. Read of El Modena. Read was appointed a year ago to fill the unexpired term of C. E. Teach of Orange, who resigned to go to Bakersfield.

### HERE LOOKING FOR MEXICAN MURDERER

Sheriff Shay of San Bernardino was here yesterday looking for a Mexican named Rosendo Jimenez, accused of the murder of Ramon Nunez at Ontario. Shay said that he believes that Jimenez, who left Ontario Friday, is hiding somewhere in the Orange county hills, hoping to work his way south to Mexico.

### APPEAL TO BE TAKEN IN COMMISSION CASE

Justice Cox was notified this morning that an appeal to the superior court would be taken in the case in which he gave judgment of \$210 to A. W. Fuller, real estate agent, against Mrs. Nettie McGillivray. Fuller asserted that he had a contract to sell Mrs. McGillivray's place for her, and that he furnished a customer for her, but she sold the place independent of him.

### 15 YEARS OF TOIL IS FINISHED BY SUICIDE

REDDING, June 2.—At an age when most men consider retiring, Henry Erwin, 15 years ago, found gold traces he believed would soon make him wealthy. Today, at the age of 70, his dream has ended.

Erwin was found dead in his cabin in French Gulch. He left a note stating that his fifteen years of toil and privation while working his mine netted him nothing, so he decided to shoot himself.

## SALES OF LIMA BEANS STOPPED AT 8.5 CENTS

With Only Seventy Cars Left, Pool Holds Back For Clear Field

With beans selling rapidly at 8.5 cents per pound, the lima bean pool directors at a meeting Saturday decided to hold the remainder of the crop, some seventy carloads, until the bean market clears up in such shape that the seventy car loads will have a clear field and probably a higher price.

There has been a big change in the bean market since the formation of the pool two months ago. At that time beans could not be sold at any price. The association and independent got together, and by fixing a price with a guarantee that the price would not be lowered, eastern brokers were encouraged to buy. The first price was 6.75 cents per pound. Prices have been raised at various times. When beans were at eight cents, forty-two cars were sold.

A. J. Crookshank attended the meeting of the directors held in Oxnard Saturday.

### Series of Moves Will Have to Be Made to Get the Burlew Home

It's going to be moving day soon for half a dozen or more families to make adjustments so that Dr. J. M. Burlew can take possession of the A. C. Twist home on North Broadway. Burlew is scheduled to change his place of residence this week, and whether he moves to schedule or not will depend on the moves by others, for A. C. Twist and family have to have a place in which to reside and the occupant of the residence to which Twist is to move has to have a place, and so it goes on down the line.

And when Dr. Burlew moves there will start a series of moves in which E. T. Mateer, the druggist, will be involved. Mateer has purchased the Burlew home at the corner of First and Birch streets, paying \$7000 for it, the sale being made through the agency of Carden & Leibig. Burlew wants to move, Mateer wants to move and others will have to move. Carden and Leibig report other

## G. A. R.'S GOING TO LOOK OVER NEWPORT BAY TOMORROW

### Club Has Been Reorganized and Lively Series Has Been Planned

This week is excursion week to Newport Harbor and tomorrow is G. A. R. day, when members of the Grand Army and all affiliated societies will join in a trip to look over the harbor, with a basket lunch arranged for the noon hour at the Balboa Pavilion.

Commander O. H. Maryatt of Sedgwick Post, G. A. R. of Santa Ana, is making local arrangements for the excursion and estimates there will be probably two hundred Santa Anans participating, including the W. R. C., Daughters of Veterans, and Ladies of the G. A. R. A great turnout is expected, especially with the warm weather now prevailing here which makes the bay trip unusually attractive.

Members of the G. A. R. and affiliated societies of Anaheim and Fullerton are also invited down tomorrow and it will no doubt be a big county G. A. R. occasion. Everybody take lunch.

**Taxpayers' League Invited.**  
The bond campaign committee believes that the people of the county should see the harbor for themselves and is making every effort to give the people an opportunity to visit the bay, and has extended invitations to everybody to take the free boat rides over the bay offered by the people of Newport Beach.

"This is an important matter to the citizens of Orange county and we believe the success of the issue means much to our future prosperity," reads an invitation to the Taxpayers' League. "We therefore extend an invitation to the Taxpayers' League to go to the Balboa pavilion on Wednesday afternoon, June 4, where boats will be waiting your members to give them a free ride out through the channel showing exactly what has been accomplished up to the present time and indicating what may be accomplished by the judicial expenditure of the amount of the bond issue. Hoping your league will take advantage of the offer and see for themselves so that they may judge intelligently, I remain, yours truly, J. C. Metzgar, Chairman."

**Everybody's For Harbor.**  
The opinion of many men on the improvement of the harbor has been changed by a boat ride over the bay and close inspection of what Newport Beach has accomplished with the \$240,000 she has spent in dredging and

## Redlands to Help County Obtain Federal Aid For Development of Harbor

EVERY influence of the Redlands Chamber of Commerce is promised Orange county toward securing government assistance for the development of Newport Harbor, in a resolution unanimously adopted by the Redlands chamber last Wednesday. Newport Harbor is the natural outlet for Riverside and San Bernardino counties, and the influence of those districts in behalf of the harbor will no doubt be valuable when Orange county, after completing her own harbor work, goes to the government with a request for federal assistance for further development.

The Redlands resolution, in full, is as follows:

"Whereas, the voters of Orange county are asked to endorse a bond issue of \$500,000 for Newport Harbor improvements at an election to be held June 10, 1919, and

"Whereas, such improvements will aid not only the progress and financial benefit of Orange county but be a great asset to each and every community in the section,

Therefore, be it resolved, by the Redlands Chamber of Commerce, that the people upon whom the success of this project rests be urged to give it active, enthusiastic support in every possible way, and

"Further be it resolved, that this body will use what influence it has for national recognition of the worth of this project.

H. A. CHERRIER, President.

Attest: A. E. ISHAM, Secretary.

Senator Lyman M. King Says:

And also of interest at this time is a recent letter from State Senator Lyman M. King of Redlands, who writes: "I am only a small property owner in Orange county, but I hope the voters of your county will see fit to vote the proposed issue of harbor bonds by a very large majority.

"This is the day when all the development interests must come strongly to the front. Every section of the state is going to strain every nerve to gain its share of the trade that is bound to come our way soon. The sec-

tion that is ready for the business will get it. The people of Orange county must be familiar with the efforts being put forward both to the north of them and to the south. I cannot believe that a county as wealthy and as enterprising as Orange county will let her chance for growth and development go by.

Newport Is Natural Outlet

"As a resident of San Bernardino county, I feel a special interest in Newport Harbor. Riverside and San Bernardino counties naturally look upon Newport Bay as their water connection. Into Newport Bay, many years ago, came the cargo of lumber from which the first large dwelling in Redlands was constructed. There is a large trade in these interior counties which could be met by wharfage facilities at Newport Bay, and it does not require a great stretch of one's imagination, in these days of concrete roads, to visualize much traffic between an Orange county port and the fine valleys of the interior.

"Through an act of the last legislature, the county of Orange was granted title to the tidelands on Newport Bay, outside of the corporate limits of Newport Beach. I was glad to lend such small aid as lay in my power to that measure. I hope you will take advantage of the opportunity thus afforded.

"Yours very truly,  
"LYMAN M. KING,  
"State Senator, 30th District."

## Southern Memorial Day Is To Be Observed Tomorrow

Tomorrow, June 3, is Southern Memorial Day. Graves of men who fought with the South in the Civil war are to be decorated by men and women of the South.

According to custom, graves of Confederate veterans buried in Santa Ana and Fairhaven cemeteries will be decorated tomorrow, following appropriate services to be conducted at the cemeteries. Rev. W. L. H. Benton, rector of the Church of the Messiah, and Rev. A. T. O'Rear, pastor of the Spurgeon Memorial M. E. Church, South, are to have charge of the ceremonies.

Those who desire to contribute flowers for the decoration of the graves of the Confederate dead may leave them at Spurgeon Memorial church by 10 o'clock tomorrow morning.

At noon there will be a basket dinner in the Spurgeon Memorial church,

to which Confederate Veterans, Sons of Veterans, and all Southern people are invited.

The daughters of the Confederacy will serve hot biscuit and coffee to all. After-dinner speeches will be a feature of the program.

## ENLIST WOMEN IN DRIVE FOR HARBOR AT NEWPORT

### Nearly 200 Loyal Workers Asked To Get Votes For Important Issue

Creation of a women's Harbor Bonds campaign committee headed by Mrs. A. E. Isham of Santa Ana, the purpose of which shall be to enlist active women all over the county to work for adoption of the important harbor bond issue June 10, was announced today by J. C. Metzgar, campaign chairman for the Associated Chambers of Commerce. Mrs. Lawton is sending out letters to nearly two hundred prominent women of the county enlisting them in the bond campaign and urging active local work in behalf of the county harbor plan.

"Knowing that you are always interested in any movement for the progress of Orange county and remembering your loyal and patriotic service in all lines of war activities, I am asking you to give some of your time to your community and voting precinct in boosting and voting for the Orange County Harbor Bonds," writes Mrs. Lawton to her committeemen.

"We are organizing a 'Women's Orange County Harbor Bonds' campaign committee, and want you to be an active member. Your special work will be to reach as many women in your voting precinct and vicinity as you can, get them to join the campaign committee, and those who drive autos may be delegated to get women to the polls to vote for the bonds on election day. Our motto will be 'Service'.

"We feel sure that you are impressed with the great need for the harbor bonds to carry and that you will willingly give the next ten days in service to help bring this about." Members of the women's committee are invited to tea with the Santa Ana committee from 2 to 5 o'clock next Saturday afternoon, in the banquet room of Elks hall, Santa Ana.

**Women to Boost Bonds**

Among the women who are being asked to serve as precinct chairmen and help to "put the harbor bonds over" are the following:

Anaheim—Mmes. Ida F. Dutton, city chairman; C. P. Grinn, Chas. A. Criss, Cornelia Gates, R. H. Seale, J. P. Frase, A. H. Witman, Rasmussen, C. Idler, Henry Kuehl.

Balboa—Mmes. Edith Geld Wallace, and William H. Cubbon.

## Women Boosters for Mann Helps Suffrage Amendment Prevents Delays In House

### Mrs. Maud Park Wood One of First to Extend Thanks To Congressman

WASHINGTON, June 2.—Congressman Mann has enlarged his circle of lady friends recently. Some of those who used to speak slightly about him and his political aspirations, now are his best boosters. And it's all because of the interest he displayed recently in the woman suffrage amendment to the constitution.

There were members in the House who would like to have throttled the amendment. They had tried in numerous ways to delay action on it, hoping that the plan could finally be killed. But Mr. Mann would have none of that kind of work. When some of the anti's tried to delay action on the amendment, Congressman Mann would step forward and insist that there be no delay. And there was none. Mrs. Maud Park Wood, chairman of the National Woman Suffrage Association, was one of the first to congratulate Mann on the passage of the matter in the House.

## SECOND ATTEMPT MADE TO GET STRUCTURE FOR CITY

### Congressmen Are Amazed at Santa Ana Not Having U. S. Office Building

Congressman William Kettner of this district, the Eleventh California, has introduced a bill into the House of Representatives for an appropriation of \$30,000 for the purchase of a site for a federal building in Santa Ana.

The wording of the bill is the same as that of the bill introduced by Kettner on June 1, 1916. The new bill was introduced on May 21, 1919.

Just what the chances are of getting the bill passed are not known here. When the group of congressmen with Kettner visited Orange county a few months ago, surprise was expressed by a number of the congressmen that a city the size of Santa Ana had no federal building. They said that throughout the east there are scores of towns with imposing government buildings where the population is not half Santa Ana's.

Some of the congressmen said, however, that the time when appropriations for federal buildings can be secured with ease has gone by.

Orange county hasn't a single post office building owned by the government. In fact, the only federal structures of any kind in the county are a lookout station and cabin on the top of Santiago Peak and a forest ranger's office at El Toro. These are owned by the forest service.

Kettner's bill asking for money for a site in Santa Ana for a federal building contemplates that after the purchase of a site a bill shall be passed appropriating money for a building. Kettner's bill, introduced on May 21, reads as follows:

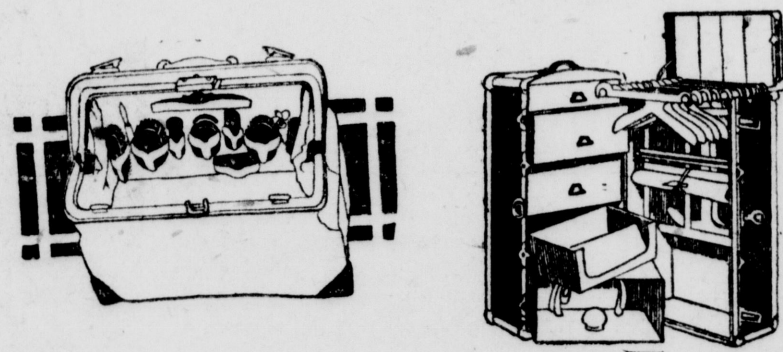

Sixty-sixth Congress, first session—H. R. 1573.

In the House of Representatives, May 21, 1919.

"Mr. Kettner introduced the following bill" which was referred to the Committee on Public Buildings and Grounds and ordered to be printed:

"A bill for the purchase of a site for a public building at Santa Ana, Orange county, Cal.

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the secretary of the treasury be, and he is hereby authorized and directed to contract for the acquisition, by purchase, condemnation, or otherwise, of a suitable site for the United States post office and other governmental offices at Santa Ana, Orange county, Cal., the cost of said site not to exceed the sum of \$30,000."

## COACH SKINNER QUILTS ORANGE SCHOOL

### Has Accepted Principalship of Schools In Hawaiian Islands

ORANGE, June 2.—F. E. Skinner, athletic coach at Orange Intermediate school, has accepted a position as principal in one of the Hawaiian schools next year. Mr. and Mrs. Skinner have greatly enjoyed the school year in Orange and leave with regret. Mrs. Skinner will teach the primary grades in the same school with her husband. They leave on an auto trip to Tacoma in June and will probably take the Canadian line from Vancouver in August for Honolulu.

**Lot Deals**

G. W. Stinchfield has sold his lot of bearing walnuts at Harwood and Almond avenue, to Mabel C. White, a recent arrival from Kansas.

W. D. Crane has sold the adjoining lot of bearing walnuts to the same party.

Lucinda C. White has purchased the modern residence property of H. Haynes and will make Orange her home.

**Served 15,000 Soldiers**

The Red Cross branch of Orange held its closing meeting in the Women's Club rooms. Canteen workers of this branch will continue their work until a later date, however. The canteen has served 15,000 men at Orange and Fullerton.

**Notes and Personals**

Cornelius Louis Aubuchon has been honorably discharged from the army and is home from San Antonio, Texas, where he was a member of the 237th Aero Squadron, Kelly Field No. 2. He will make his home with his mother, who lives in Orange.

Congressman William Kettner introduced a bill in the House of Representatives May 21, authorizing the secretary of war to donate to the town of Orange, Cal., one German cannon or fieldpiece.

The senior class of the Orange Union High School will present a play, "Christopher Junior," a clever little love story by Madeline Rylee on June 16 and 17 at Campbell's hall.

A baby boy was born to Mr. and Mrs. Burt Webster in the Anaheim Sanitarium May 30. Both mother and baby are doing nicely.

Mr. and Mrs. Otto Ahlstedt are rejoicing over the arrival of a nine-pound baby boy May 31.

## BANKERS GOING TO CONVENTION AT CATALINA

Orange county will have a large delegation at the annual convention of the California Bankers' Association, to be held at Avalon, Catalina Island, on Thursday, Friday and Saturday of this week. A. J. Crookshank, president of the First National Bank of Santa Ana, is a member of the executive council of the association.

An excellent program of papers and discussions concerning banking matters and of entertainment has been arranged.

Bankers going from Santa Ana to the convention are A. J. Crookshank, president, and W. B. Williams, cashier of the First National and W. E. Otis, president, and E. B. Sprague, cashier of the Orange County Trust and Savings. They will be accompanied by their wives.

## COLORADO MAN SUFFERED FOR 25 YEARS

Tells Experience With Tanlac and Wants to Help Others

"Tanlac certainly helped me and I hope my experience with this medicine will encourage others to try it," said Antonio Lopez, who lives at Delta, Colo.

"I was a sick man for twenty-five years," continued Mr. Lopez, "and my stomach was in such a bad fix that for the last five years I wasn't able to eat any supper at all, and any kind of fruits or vegetables I would cramp me so awfully that I never would touch them and I was simply miserable most all the time from the gas on my stomach. I lost considerable weight and at the time I started taking Tanlac I weighed only a hundred and thirty-eight pounds.

"The few bottles of Tanlac I have taken built me up wonderfully and I actually gained ten pounds on my first three bottles. My stomach is in such fine condition that I can eat anything, including fruits and vegetables, without the slightest pain or trouble from gas, and I can eat as hearty a supper now as anybody and enjoy every mouthful too."

Tanlac is sold in Santa Ana by Rowley Drug Co., in Fullerton by G. W. Finch, in La Habra by R. H. ## WINTERSBURG AND SMELTZER

WINTERSBURG AND SMELTZER, June 2.—Mr. and Mrs. B. T. Gothard entertained most delightfully at dinner Tuesday evening in honor of Mr. Gothard's parents, Mr. and Mrs. Geo. Gothard, who celebrated their silver wedding anniversary on that date. The beautifully appointed table was decorated with Henrietta roses, as were the rooms, which were redecorated with the perfume of sweet peas which were also used in the decorations. Those for whom covers were laid were Mr. and Mrs. Geo. Gothard, their daughters, Misses Lizzie, Ames and Ethel Gothard; sons, George, Jr. and Edwin Gothard and William Sparks, and the host and hostess, Mr. and Mrs. B. T. Gothard.

Mrs. M. J. Barton and members of the family are considerably worried over the unexplained absence of her son, Oscar Taylor, from whom a letter has not come for four months. Taylor is in the army of occupation and since entering the service had been punctual in writing.

Mrs. Homer Sprinkle was hostess Wednesday at the regular monthly meeting of the "Happy Workers' Society, of which she is a member. A sumptuous dinner was served at noon and the hours not devoted to the business meeting at which plans for the coming year's work was arranged, were devoted to a social time. Over thirty-five ladies were present from Westminster, Garden Grove, Santa Ana and Huntington Beach, and this immediate community. Those attending from here were Mrs. H. Larter, Mrs. B. T. Gothard, Mrs. Geo. Gerhart, Mrs. Elizabeth Moore, Mrs. L. E. Barry and the latter's mother and sister, Mrs. Miss Knighton of South Pasadena. Ray Shafter spent a five days' furlough at home. Mr. and Mrs. A. H. Moore drove to Camp Kearny Wednesday after him and he will return to camp Sunday.

Mr. and Mrs. L. Moldal and family enjoyed a week's visit from Mr. and Mrs. W. H. Blodgett and family, who came down from Los Angeles to spend their vacation.

Prof. H. O. Ensign returned Wednesday to his school duties, the injuries sustained last Monday morning in a motorcycle accident being sufficiently healed to allow him to do so. He continues to feel the effects of the accident, however.

Mrs. J. H. Porter left Thursday for Los Angeles to spend a couple of days visiting her sister, Mrs. Emma Swain.

## ANAHEIM'S PARK PLAN BLOCKED BY GOVERNOR

### Refusal to Sign Enabling Act May Cause Loss of 20 Acre Site

ANAHEIM, June 2.—Again Anaheim is up in the air on the city park proposition through the refusal of Governor Stephens to sign the enabling act permitting the city to take advantage of the offer of A. G. Langerberger to present for a city park his 20-acre orange ranch on North Lemon street in return for an annuity of \$3600.

The governor is understood to have given his reason for refusing to affix his signature that he didn't know how the bill would affect other cities.

City Attorney Ames first drew up a special act affecting sixth class cities but, on advice of the chairman of the legislative committee, who thought it was a good thing for Anaheim and other cities of the sixth class it would be a good thing for all cities, the bill was made comprehensive.

Although some of the advocates of the Langerberger park plan are still hopeful that the city can yet find a way to take over the twenty acres, it is understood that Langerberger has tired of the long-drawn out proceedings.

Attention has been turned again to the civic center proposition where urgent action is demanded if the proposition is to go through. Many of the options which were signed up last December for six months may not be renewable at the first figure by reason of the steadily increasing value of realty.

It is understood the city council, three members of which were elected on what was practically understood to be a civic center platform, will direct attention to the improvement immediately.

HOME-MADE candies fresh every day. Nougats, Fudges, Caramels, Chocolate Creams, Brittles, Lion Kandy Kitchen, 113 West Fourth.

Mr. and Mrs. J. A. Murdy and family are moving into their new six-room home, just completed. The Murdys have received word of the expected arrival here this week of Mr. and Mrs. H. C. Commons of Turlock. They are bringing with them Mr. and Mrs. Murdy's little granddaughter, whom they are raising.

Mr. and Mrs. B. A. Farrar spent a pleasant day last Tuesday with friends in Long Beach.

Geo. McQuirk left Wednesday evening for the North, where he will look over the land in the Delta country, twelve miles from Stockton.

Mrs. Kate Krenger and Mrs. B. A. Farrar called Wednesday afternoon on Mrs. H. G. Huff, who has been ill.

Mrs. L. E. Barry is entertaining at her home her mother, Mrs. Will Knighton, and sister, of South Pasadena. The ladies will be guests at her home for ten days.

## Realty Man Shot By Salesman, Result of Remarkable Document

LOS ANGELES, June 2.—Joseph D. Batchelor, prominent realty man, is in a hospital suffering from a bullet wound in his stomach. Charles I. Collins, salesman, is under arrest charged with shooting Batchelor and today the police have possession of a remarkable agreement alleged to have been made between Batchelor and Collins, which is said to have been the cause of the shooting.

The agreement provides that for "full consideration" and in view of the fact that "certain differences have arisen in the domestic affairs of the parties hereto," Batchelor agrees to support Collins' wife, Maude Lillian Collins, for the remainder of her life. Batchelor charges that Collins became jealous, despite the agreement, and shot him when they met on Vermont avenue late yesterday.

The town of Mendon, Ill., persists in sticking to old-fashioned time, explaining that the war is over and congress has no business monkeying with the sun and it has a right to do as it pleases about the matter. Such stand-patters as those Mendonites very likely object to the procession of the equinoxes.

Conclusions of many to vote against the bonds, formed on the basis of their knowledge of the bay some ten years ago and misinformation, have been reversed after a ride over the fine body of water. No one who will take the time to accept the hospitality of the Newporters for a trip on the bay but will concede that the changes wrought at the entrance of the bay have been marvelous.

Hundreds took the trip Saturday and Sunday and just to show that voters from all parts of the county are viewing the bay, the names of a few men on one boat load is here given:

E. L. Gridley, Buena Park; C. H. Seamans, Yorba Linda, who declared he wanted to help the project in any way that he could; A. W. Dumack, R. C. Burkett, Geo. Kuechel, Orange; W. D. Sealey, former mayor of Huntington Beach, who said that the people of Orange county would make a great mistake if the bonds were voted down; W. D. Bowman of Tustin, who said that he had three votes in his family to deliver in favor of the issue and would ask his neighbors, if any were opposed, to support the bonds; W. J. Saubey, W. J. Brommell, O. H. Burke and M. C. Bowman, Tustin; N. M. Goodfellow, Santa Ana, "I'm for the bonds," W. J. Morrison, Geo. Fox, F. E. McCarter, A. C. Reither, Judge W. W. Simons, Santa Ana; F. R. ## EXPECTS SETTLEMENT OF SHIP STRIKE SOON

Los Angeles, June 2.—Following yesterday's meeting with the Metal Trades Council Mayor F. T. Woodman declared today that he believed the strike of 6000 employees of the Los Angeles Shipbuilding and Dry Dock company would end soon.

The Mayor, who is attempting the bringing about a settlement, said he found the Metal Trades Council anxious for a friendly settlement. He expected to meet company representatives today.

In the meantime the shipyard remains closed.

## MRS. MAY COULD NOT WORK

Made Well and Strong by Lydia E. Pinkham's Vegetable Compound.

Columbia, Pa.—"I was very weak and run down and had dragging-down pains and pains in my back. I could not get around to do my work and had to sit down and rest often during the day. I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers and read the testimonials, so I thought I would try it. Now I am healthier than I ever was in my life, and can recommend it to any woman who suffers as I did."

—Mrs. ELIZABETH MAY, R.F.D. No. 1, Columbia, Pa.

The reason Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and the letters which we are constantly publishing from women in every section of this country prove beyond question the merit of this famous root and herb medicine.

ROBT. GERWING  
IS WINNER OF  
BIKE RACE

Brother George Gets Second  
In Machine Loaned  
By Mitchell

Robert Gerwing won the Amateur Competition Road Race last Saturday afternoon when he rode the course of 15.8 miles in 38 minutes and 36 seconds. His brother George, who was also a scratch man, made second best time in one more second. He had a flat tire and Floyd Mitchell was sport enough to lend him his bike and let him finish the race. Adolph Zeigler of Los Angeles was awarded third time prize for making the course in 40 minutes and 26 seconds. William M. Worthley of Riverside, also riding from scratch, took two more seconds to finish, and C. Philip Schleicher from Los Angeles took the fifth and last time prize with a time of 40 minutes and 37 seconds.

Twenty-three men lined up to start the race, eight of whom were started on scratch. The greatest handicap was eight minutes, which was allowed two riders. The race started on North Broadway, west of the courthouse and the course lay north along Broadway to Santa Clara avenue, east to Main, north to Chapman avenue, east through Orange to Prospect avenue, south on Prospect through Tustin, down the Newport Boulevard to Dyer, west to Main, north on Main and ended at First and Broadway. Every rider finished the race except Mitchell, who loaned his bike to Gerwing. They came in by twos, threes, and in swarms, so that the timers, C. Shockley, Capt. Carrier, and William Ashmun were kept busy with their watches.

The time for the race was not as fast as Gerwing made last year over the same course. The time last year was 36 minutes and 47 seconds, which is the amateur competition road record of America for this distance.

Prizes of tires and sundries were also given for all places in the order they finished. The riders finished in the following order with their respective handicaps:

Paul L. Brown, S. A., 5 min. handicap, was first across the line; Leslie Lockett, S. A., 5 min.; Arthur Ashmun, S. A., 6 min.; Lauro Galttton, S. A., 8 min.; Chas. Herr, Occidental College, 3 min.; Wm. Nelson, S. A., 2 min.; John Haynes, Riverside, 4 min.; Paul Glantz, Long Beach, 4 min.; Ray Caswell, S. A., 5 min.; Walter Anfield, Placentia, 6 min.; Robt. Gerwing, S. A., scratch; Geo. Gerwing, S. A., scratch; Adolph Zeigler, L. A., scratch; Elliott Best, S. A., 2 min.; W. M. Worthley, Riverside, scratch; Gordon Swoffer, S. A., scratch; Glen Baxter, Riverside, scratch; Chas. Paige, L. A., scratch; Everett Best, S. A., 2 min.; Donald Waters, S. A., 8 min.; and C. M. Schook, Orange, scratch.

SAILORS GIVE ROAST  
BEEF TO RUMANIANS

ATLANTIC, La., June 2.—Some of the inhabitants of Constanza, a Rumanian city on the Black Sea, tasted meat for the first time in two years, when a few weeks ago, the crew of the U. S. S. Western Plains roasted a whole beef and gave it to them, writes J. C. Piper, seaman, in a letter to Shelby county friends.

People at Constanza and other Rumanian seaports visited by the Western Plains were found to be actually starving to death, writes Piper. At Constanza the men employed to help unload the vessel were so weak from hunger they could not work.

While money was plentiful, there was no food to be bought, says the letter of Piper to his friends. The Germans stripped the country clean of foodstuffs. Children were dying daily from starvation. Clothing was so scarce the people wore clothes made from burlap. The Western Plains was at Camden, N. J., when Piper wrote.

YOUNG SWITCHTENDER  
STICKS CLOSE HOME

MAUCH CHUNK, Pa., June 2.—Harold Keck, a switchtender in a railroad yard here, was born in East Mauch Chunk twenty-one years ago and has been a resident of that place all his life. It may not seem plausible, but it is a fact that in all that time he has never been in Upper Mauch Chunk or around the Switchback. When asked why he never went to Upper Mauch Chunk, he replied he never had any interest in that part of Mauch Chunk.

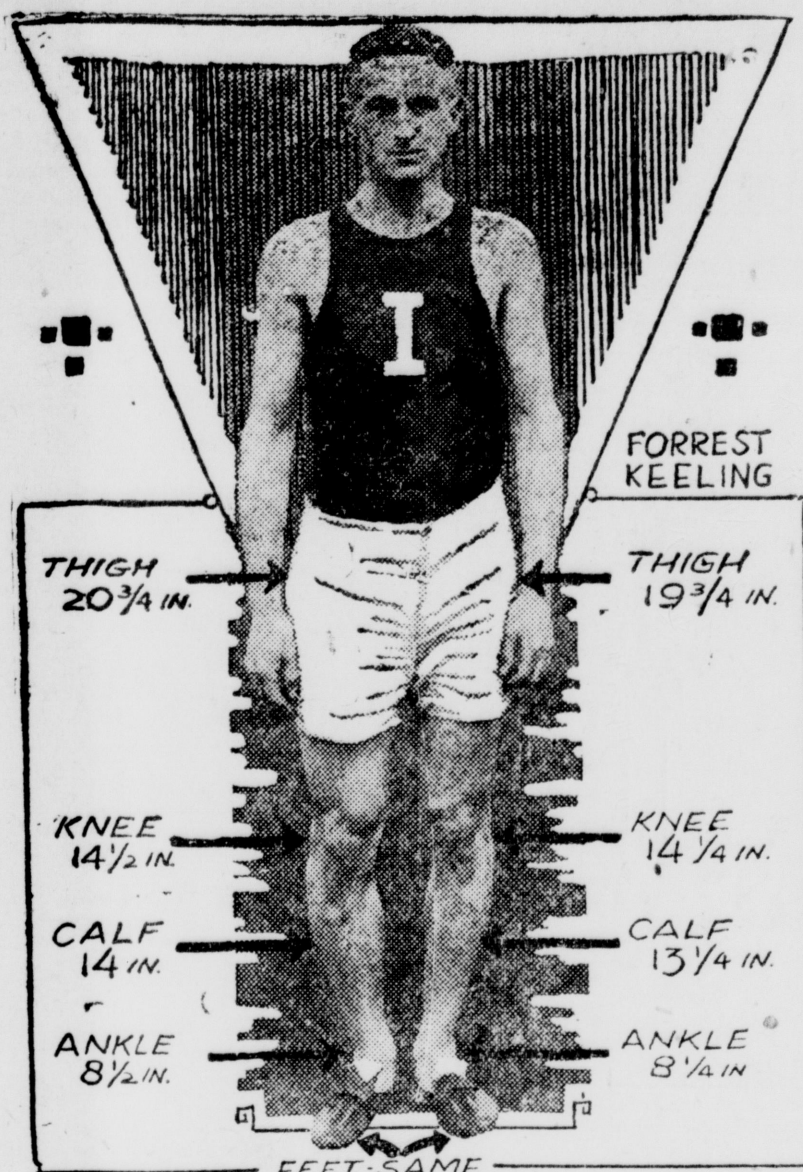

PHYSICIANS BATTLING  
MYSTERIOUS EPIDEMIC

LOS ANGELES, June 2.—Drastic steps are being taken by county health officers today to stamp out a mysterious epidemic, said to be a highly infectious form of dysentery, which has attacked 25 persons and resulted in the deaths of three children at Lancaster, near Los Angeles. It is said to be a disease similar to one which recently appeared in a Portland, Oregon, children's home.

VETERAN 85, ENJOYS  
JAUNT IN AIRPLANE

NEWARK, Del., June 2.—"It's great, boys; the only fault I got to find is the trip was too short. I would like to go from here to Washington in it right now." This was the comment made the other day by William H. Barton, 85 years old, janitor at Delaware College, after a 15-minute flight in an airplane that visited Newark in the interest of the Victory Loan.

Barton, who served his country more than 60 years ago, expressed a desire to go up when he learned that the plane would give a demonstration here. He crossed the plains with General Johnson's expedition to quell the Mormon uprising in 1857.

The pilot in charge of the machine gave the old man plenty of thrills as he went through stunts 2555 feet in the air. Barton said he thoroughly enjoyed it and was not in the least frightened. Dr. Samuel C. Mitchell, president of Delaware College, and Miss Elinor Harter were also taken on short flights.

CLUB FOR NORTH TUSTIN BEATEN  
END OF COUNTY  
SUGGESTED  
IN TIGHT GAME  
BY 3 TO 2

Time For Preliminary Steps  
to Organization Is Here;  
Need Leader

FULLERTON, June 2.—From time to time one hears a suggestion that Northern Orange county people should get together and organize a country club. The suggestion is a good one, but no good, enthusiastic booster has yet taken it upon himself to get behind such a move and give it above, and until one does, of course, there will be no incentive for the average person, who would like to see a club organized, but who has not the courage to start the initiative, to get in and do something.

There is an Orange County Country Club, but it is pretty much of a Santa Ana affair, and the clubhouse is too far distant for the average northern county man to visit, even were he a member.

That is the main reason why it has been suggested that this part of the county should get busy and have a club of its own. Anaheim, Brea, Buena Park, Placentia, Yorba Linda and Fullerton have enough people to draw from to make a country club a great social success, and all that is needed is for the people to start the movement and a club will be forthcoming in short order.

It is understood that a large number of people in Anaheim, as well as Fullerton, have expressed themselves as enthusiastic for a country club.

## ROUND COAST LEAGUE

Home runs: Cavaney, Schick, Seals; Walter, Senators; Luis, Angels; Baker, Beavers.

The Seals and Oaks divided the series, four games to four, by splitting Sunday's games. Graham's men took the morning contest, 15 to 2, and dropped the afternoon game to the Oaks, 7 to 6.

Two wins for the Angels tied the series with the Tigers. Scores: 5 to 4, 12 to 4.

The Senators won both, 7 to 6, and 5 to 4. The Bees took the week's series, 5 to 2.

Five runs in the first inning enabled the Beavers to win from the Rainiers, 6 to 4. The series went to the Portlanders, 3 to 2.

Three wild throws by Tustin player yesterday afternoon resulted in Fullerton beating the Tustin club from Los Angeles, U. S. A., to the seventh inning Tustin was all the good, 2-0. Then came the wild throws and the final score was 3 to 2, with the locals holding the short end.

Callahan pitched the first five innings, striking out six opposing batters, and then was replaced by La Franco. There was a good crowd out to see the fray, in spite of the war weather, and the new diamond at the end of East First street will no doubt be a popular place this summer on Sunday afternoons.

The score:

You Can  
Own An Automobile

A new car at list price may be too much for your purse. But why give up the idea of owning a motor car? DON'T DO IT. It isn't necessary. There are hundreds of USED CARS offered for sale at heavy concessions. For all practical purposes these motors will take you just as far and just as smoothly as any new car ever built.

Won't it be great to spend hot evenings out-of-doors, spinning along through parks and over country roads? With a motor car you can come and go at will. You'll no longer be shackled to one spot or dependent on street cars. You'll really begin to live. Go over the "FOR SALE AUTOMOBILES" column that appears every day in this paper. It's the short cut to a used car bargain that'll just suit your needs and fit your purse. Buy that car and get a new thrill out of life.

## WILL BUILD NEW BLOCK ON EAST CENTER ST.

Anaheim Property Owner To Improve; Modern Pressed Brick Structure

ANAHEIM, June 2.—Construction of a new business block to cover the space between the Kistler block on East Center and the corner of Claudia will be started this week by Mr. Kistler, it is understood.

The improvement will include the remodeling of the building now occupied by the Boston Bakery, the razing of the building now occupied by H. P. Tobin and the erection of a modern pressed brick building covering the entire corner.

It is understood that the building will match the attractive Kistler block in design, being of white pressed brick front with spacious plate glass windows and modern in every respect.

While the construction work is in operation, H. P. Tobin will move into the main Kistler building next door, but will move back to his old location as soon as the new building is completed.

### Realty Deals

Realty deals of note that have just been made give further proof that prosperity in an around Anaheim is prospering in and around Anaheim is by bounds. H. F. H. Schneider, who just recently sold his ranch at the corner of North and East streets, has just purchased from W. W. Le Duc 14½ acres of 7 and 8-year-old Valencia on Sunkist avenue. While the price paid is not stated, it is understood it is around \$50,000.

Mr. Le Duc purchased this property a year ago, and has sold it at a handsome profit. However, Mr. Le Duc is not going to leave Anaheim as he immediately bought from S. G. Lehner ten acres of 9-year-old Valencia located about two miles east of town. This is considered one of the finest groves in Anaheim territory and the price paid was in the neighborhood of \$40,000.

The Elliott Realty Company reports the sale of a lot in Zevn tract facing on Lemon street to Mrs. M. M. Barnett, who will probably erect a fine residence in the near future.

The Orange County Realty Company reports the sale of a lot in the Deutsch tract on Helena street between Chartres and Cypress streets to W. J. Sebastian, who plans to build very shortly.

## BIRTHDAY GUESTS AT OUTING PARTY

TALBERT, June 2.—Mr. and Mrs. Ed Borchard, Caspar Borchard and Miss Mary Borchard of Newberry Park were visitors Friday at the Leo Borchard home. The party came in unexpectedly, to surprise Mrs. Borchard, whose birthday anniversary it was.

Mr. and Mrs. Ed Borchard remained over night here while Caspar Borchard and daughter were guests for the night at the home of his son, Antone Borchard, at Greenville.

On Sunday, the Borchard family made the most of so many of the members of the family being here, by picnicking together at Orange County Park.

Those who were at the reunion were Mr. and Mrs. Leo Borchard, the latter's niece, Miss Clara Hauptman of Olive, who was spending the weekend at her home; Mr. and Mrs. Frank Borchard and family of Greenville; Mr. and Mrs. Chas. Borchard of Fairview, and the visiting relatives.

Mr. and Mrs. Robt. Gislis and family and Mr. and Mrs. Samuel Gislis and family were among those who attended the picnic held by the Catholics of the county in honor of the returned soldiers, on Thursday. In the evening the same party attended a dance at the Knights of Columbus hall at Anaheim.

Mrs. Emil Lecrivain received a telegram Thursday telling the sad news of the death that morning in Idaho of her sister-in-law, Mrs. Antonio Giraud. She leaves, beside her husband, an infant child.

Mr. and Mrs. Giraud were married in Los Angeles a year ago and came to the Lecrivain home, where they spent several months before leaving for their home in Idaho. Mr. and Mrs. Lecrivain drove to Los Angeles Thursday evening to see Mrs. Giraud's sister, hoping to learn further particulars through her. They returned home the same evening.

S. E. Talbert had headed thirty acres of his eighty-acre crop on his Paulerino ranch up till Friday evening. Talbert will run a binder on his twenty-acre barley crop on his home ranch this week.

Beet crops in general are looking well in this vicinity. All have been irrigated once and some are now being gone over the second time.

L. T. Wells has been planting beans on the Ater ranch the past week.

Mr. and Mrs. Ackley and sons, Paul, John and David, were in Talbert Friday, calling on old friends. Mr. Ackley and family resided here eleven years ago when he was pastor for a year of the local M. E. church, South. The Ackleys now reside in Pasadena.

Miss Idonah Conville was a weekend guest of her friend, Miss Agnes Gislis.

Mr. and Mrs. P. A. Isenor are the recipients of word of the arrival of a little granddaughter at the home of their son, Will Isenor, at Banning.

Harvey Studebaker is recovering nicely from the wounds received in the automobile accident which occurred in Los Angeles when the machine in which he and John Courges were riding collided with an electric car a week ago Saturday. The two largest wounds sustained by Studebaker, one on the neck and the other on the face, are expected to be some time in healing as they are quite deep.

## INJURES GARDEN TO SAVE WALK HALF BLOCK

'Meanest Man' Lives In Fullerton According to Report From There

FULLERTON, June 2.—There are many ways in which one might show himself patriotic, and there are an equal number of ways in which one can show himself unpatriotic.

In this day and time, when the cost of living is so high, a failure on the part of any one who has time and ground to raise some foodstuff or encourage some one else to use the ground, might be considered unpatriotic. But one who will destroy another's garden by walking over it, or willfully assist in any way to make a path across it, is certainly unpatriotic to the limit.

The Grammar school children have been raising very fine vegetables. Their war garden signs can be seen on several large plots in Fullerton. On a quarter block at the corner of Spadra and Whiting the children have done considerable work in preparing the ground and have done planting. But a few folks living in the northeast part of the town, or some who have occasion to be going in that direction, show so little respect for the school's war efforts that it is discouraging. They insist on crossing the garden, paying no attention to signs or obstacles put there to turn them away.

One person said he had been crossing there for seven years and now he did not intend to be stopped by a posse of school kids making a garden.

It is well that all parties crossing this garden or others in a similar way understand that patriotic Fullerton is looking at them and pointing the finger of shame at them.

Another unpatriotic and unfriendly act is to allow chickens to run loose and destroy foodstuff in other folks' gardens. An old hen with a brood of half-grown chickens can do no end of damage and can stir up as much ill feeling with parties concerned as a world war. In fact, chickens that run loose should have no place in a town. A person might be a great hero in some ways, but he is a very small hero if he does not keep his chickens at home.

School gardens have been damaged, a great deal by loose chickens.

## TWENTY-FIVE NEW OIL WELLS STARTED IN MAY

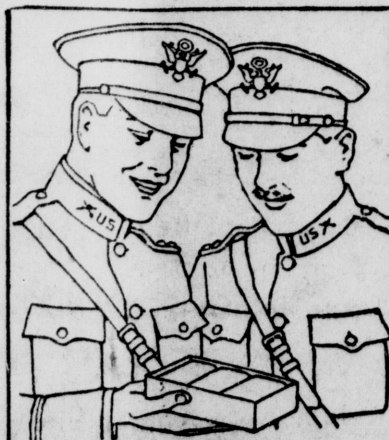

FULLERTON, June 2.—May has been the biggest month with operators of Southern California since the opening of the year. No less than twenty-five new wells were started in all the fields in the southland during the new work. Many big gushers in the state were completed in May. A few of them worthy of note are Baldwin No. 28, a 400-barrel well; Temple No. 9, starting off at 800 barrels, and the Pan-American's 400-barrel well that promises to extend the Montebello field southward. May closes with twenty new rigs up and 119 wells drilling. The month was a record breaker for completions, there being eight wells added to the production. The field now shows 820 wells producing and a daily average of 78,000 barrels.

## HARVARD GYMNASIUM HEAD 40 YEARS, QUILTS

CAMBRIDGE, Mass., June 2.—Dudley A. Sargent, who has been director of the gymnasium at Harvard University for forty years, has tendered his resignation, to take effect next September. Dr. Sargent has written numerous books on physical culture and health education and is the inventor of modern gymnasium apparatus. He has had a very intimate part in the development of many of the famous athletes of Harvard, and through his leadership of a specialized school for physical training in Cambridge he has prepared many scores of instructors of physical training for colleges, Y. M. C. A.'s and other institutions.

## WOMAN AGED 101 IS STILL BANK CASHIER

COLUMBIA, Ky., June 2.—Mrs. Ester Dohoney has just celebrated her 101st birthday anniversary. She is a bank cashier. She has three sons, J. P., J. C. and W. T. Dohoney, all prominent in Adair county, and one daughter, Mrs. Nannie Flowers of this place. Mrs. Dohoney is in possession of her mental faculties and talks entertainingly of the past.

## Such a Little Thing!

TEA is such a little thing that we never stop to think how intimate a part it plays in our daily lives and what a wholesome influence fine tea exerts upon our restful moments.

Would you like to get more enjoyment out of tea? And if that greater pleasure can actually be enjoyed for less money than you are now paying for tea, would you like to know about it? Isn't this worth a little thought?

When people think about tea, they forget that tea-leaves contain tannin as well as tea-flavor. Tannin, you know, is an acid found in all kinds of leaves and is used to tan leather. Tannin may be all right for leather, but not for the delicate tissues of the stomach. It injures digestion and is hard on the nerves. Besides, it isn't tea—that harsh puckery taste isn't tea.

People don't want tannin of course. They want tea-flavor which gives enjoyment, gentle stimulation, rest and cheer. That is the charm and value of tea—and the only thing worth buying.

Common tea, which comes from the older leaves of the tea-plant, has only a small amount of tea-flavor—and coarse flavor at that. The main strength of common tea is tannin.

Finetea, which comes from the young tender leaves of the tea-plant, is rich in sap and fine tea-flavor. It has only a very small proportion of tannin, and even that is avoided by proper making at home.

Now the tea in the cup can't be any better than the tea on the bush. A coarse leaf makes poor tea; and all the money you pay to bring it over here doesn't make it a bit better.

## TALBERT SOLDIER'S ARM MUCH BETTER

Basket Picnic Arranged For Patriotic Societies; Tax League Invited Wednesday

TALBERT, June 2.—The encouraging word has been received from Ford Gislis by his parents, Mr. and Mrs. Robt. Gislis that an operation on his wounded arm will not be necessary and that he expects to receive his discharge from the Letterman hospital and also from army service in about two weeks.

The wound which he received in the Argonne battle on his first day at the front has been slow to heal and attending physicians had expected an operation to be necessary before the member would again be in a sound condition but during the past three weeks a decided change for the better has been noticeable and the wound is now healing rapidly.

Julius Gislis, who has been over seas with the 115th Ammunition train, arrived home Wednesday. He reached Oxnard Friday and visited relatives there until Wednesday when Mr. and Mrs. Chas. Dally, son Milton and Mr. and Mrs. Andrew Borchard drove down bringing him home. The visitors remained over Thursday at Samuel Gislis's.

Julius Gislis did not get into active service, the armistice being signed just as the 115th was starting for the front and they were not called to leave France.

### FINDS POT OF GOLD

VIRGINIA, Ill., May 24.—John Severon is showing his friends a pot of gold which fell at his feet out of a foundation near Chandlerville. Severon bought the old Robert Morgan estate north of Chandlerville recently. He was sounding the stone underpinning of the house, built before the Civil War, recently. He dislodged an ancient kettle and it contained 140 \$20 gold pieces.

Newport Hotel, on ocean front.

The costs of getting tea from the tea-plant to your kitchen are heavy; there is picking, grading, firing, packing, sending over in ships, and a lot more—20 or 30 things to be done, and each one costs money. All together these costs are more than two-thirds of the price you pay for common tea.

You are now ready to understand something that we have not dared ask you to believe before—and that is:

Fine tea is actually cheaper than common tea. It is much stronger in real tea-flavor, and makes a great many more cups to the pound. The result is that a cup of fine tea, like Schilling Tea, costs less than tea selling at 15 to 20 cents less.

This is astonishing but true; and the thing that makes it true is the great cost of getting tea to you from the tea-plant. You have to pay this cost for common tea, with half tea-strength, just the same as you would pay it for fine tea with full tea-strength. In buying common tea, you pay these expenses twice over for the tea-strength you get. It isn't worth this high cost to bring over poor tea with so little tea-flavor.

So you see that after all, getting full tea-enjoyment is more a matter of knowledge and good judgment than it is a matter of money.

Schilling Tea is the fine economical practical tea of this country. It is rich in tea-flavor and costs only 1/3 of a cent per cup. It is the cheapest drink next to water.

Isn't it pleasant to know that the comfortable social pleasure of enjoying fine tea is open to everyone?

### NOT TOO OLD TO TEACH

WENETCHE, Wash., June 2.—Never too old to teach, is the theory of the Rev. B. T. Sharpe, pastor of the Presbyterian church here, who at the age of 72 years has taken the examination for a school teacher's certificate. If he passes the examination he expects to teach school in this district.

Annual meeting of stockholders of Santa Ana Armory hall will be held at the Armory June 3, 1919, at 2 p. m.
